

## Scientist Fears Last Red Tests, Urges Caution

WASHINGTON (AP)—Dr. Willard F. Libby urged senators today to determine whether Soviet possession of the 100-megaton bomb is a "commanding advantage" before voting on the limited nuclear test ban treaty.

Libby, professor of chemistry at the University of California in Los Angeles, and a former member of the Atomic Energy Commission, testified that he is "worried that we have not fired one and observed the effects, which must be awful indeed."

"I think on the whole I probably would favor the treaty," he said. But, before doing so, he added he would "have to see the latest on the 100-megaton problem" and have reassurance that the treaty would not inhibit progress in the program for development of peaceful uses of atomic energy.

Libby was one of two former AEC members scheduled as witnesses today at hearings by the Senate Foreign Relations Committee. The other is Lewis L. Strauss, who headed the AEC from 1953 to 1958.

Libby, who left the AEC June 30, 1959, and its general advisory committee in August, 1962, said he had no real opinion on whether the Soviets may be ahead of the United States in development of an antimissile system because of lack of current information on the subject.

His main worry in relation to the treaty, he said, is the progress the Soviets may have made in the explosion of high megaton bombs during their moratorium-breaking test series in 1961 and 1962.

"I have been deeply impressed by the power of large nuclear explosions and concerned lest we fall behind in this area," he said. The treaty bans nuclear tests in the atmosphere, under water and in outer space, but permits underground tests.

U.S. scientists and military men have told the senators that this country's policy has been to develop smaller weapons in the belief that there is no important practical advantage to a weapon of 100 megatons.

## Weather

Experiment Station report for 24 hours ending at 7 a.m. Thursday, High 91, Low 61.

Arkansas — Clear to partly cloudy and a little warmer through Friday; highs today 86 to 94; lows tonight mostly in the 60s.

## Charges Filed Following Wreck

Autos driven by Chester Lee Johnson and Luther Muldrew collided early today at Third and Spruce streets with minor damage resulting to both. City Officers Rowel and McCulley charged Johnson with hazardous driving.

## Escape Hole Misses, Third One Started

By JAMES V. LAMB  
Associated Press Staff Writer

HAZLETON, Pa. (AP)—Drilling of a new escape hole for the three trapped coal miners failed today—apparently by only a few feet and at a time when success seemed moments away.

A third try at drilling a 12-inch escape hole was ordered. But if David Fellin, 38, one of the trapped men, had his way the rescue workers would gamble everything on an attempt to enlarge the present six-inch lifeline hole so he and Henry Throne, 28, could come out that way.

"Why not ream the food hole?" asked Fellin over the microphone connection through it to the surface.

"Do you think that's the right thing to do?" countered Gordon Smith, deputy state secretary of mining. "We'll think about it but I believe it would be easier to move the rig and be faster to drill another 12-inch hole. It seems safer, too, since there would be no loss of communications and food supplies."

"All right," said Fellin. The first escape hole effort was abandoned late Tuesday when Fellin and Throne reported that it appeared to be cracking the ceiling over the tiny passageway where they have been trapped 331 hours.

## Defense to Rest in Hurst Case Today

By LEN TALIAFERRO  
HOT SPRINGS, Ark. (AP)—The

defense rested in the income tax trial of state Sen. Q. Byrum Hurst today and a U.S. Circuit Jury was expected to get the case Friday.

The last defense witness, a certified public accountant, testified that Hurst did not evade income tax and that he should have a refund coming.

Raymond A. Morris of Little Rock, the accountant, said Hurst overpaid taxes in 1959 and that depending on how he files, he should have a refund of \$3,332 or \$3,700 coming.

Morris testified that Hurst was deficient in tax payments in 1956 and 1957 and would owe the government back taxes and interest for those years but that the refund and interest would more than cover what he owed.

Morris said adjusted taxable income for 1956 should be \$2,422 compared with a government figure of \$14,584. In 1957, Morris said, Hurst owed taxes on \$3,925 compared with a government figure of \$16,291.

He said no taxes were due for 1958 and that Hurst owed taxes on \$9,097 in 1959 compared with \$16,291.

## Bigger the Nuclear Bomb the Less Frightened People Are, Threat Greater Than Ever

By HAL BOYLE

NEW YORK (AP)—Curbstone comments of a Pavement Plato: People can't live frightened forever.

A constant peril either drives them out of their minds, or they become numb to it.

That has happened in the case of the threat of nuclear warfare. The pall that cast a shadow over the future of mankind with the first atomic explosion at Alamogordo, N.M., less than two decades ago, is still as dark as ever.

The menace is even mightier as more nations unlock the secrets of atomic power, and as the strength of the bomb grows from thousands of tons of TNT to millions of tons of TNT.

But the bigger the bomb becomes, it doesn't seem to frighten people more. They seem to prefer to let the diplomats wrangle over the problem.

Remember the reaction that gripped America a few years ago when Russia first exploded an atomic device?

We were nearly scared out of our wits. People stocked emergency sup-

## Government in Viet Nam in Control

By FORREST EDWARDS  
Associated Press Staff Writer

TOKYO (AP)—The South Vietnamese government appeared today to have succeeded in its crackdown on Buddhist opponents of President Ngo Dinh Diem.

The lightning action gave new impetus to an angry U.S. government's reassessment of its policy toward Diem's dictatorial regime.

A heavily censored dispatch from AP correspondent Malcolm W. Browne in Saigon said the Vietnamese army appeared to be remaining loyal to Diem and rebellion seemed unlikely.

Troops patrolled Saigon laughing and joking, Browne reported, and life was returning to normal as the capital settled down to living under martial law.

The army's wholesale arrest of monks and nuns Wednesday and the seizure of religious pagodas throughout Viet Nam appeared to have broken organized Buddhist opposition to the government, which lasted for three and a half months.

"The only opposition now is the (Communist) Viet Cong," a Vietnamese shopkeeper said wistfully. The South Korean Embassy in Saigon reported to its Foreign Ministry that about 1,000 monks and nuns had been arrested in army raids on pagodas in four cities.

Browne said that at least one monk was reported killed and 30 monks and nuns wounded in the midnight raid on Saigon's Xa Loi pagoda, headquarters of the Buddhist high command.

The Diem government's news agency, Viet Nam Presse, claimed no monks or nuns were killed.

A government announcement said the monks and nuns would be freed "as soon as they stop causing confusion and exploiting religion for political ends."

Viet Nam Presse said police and troops continued to search pagodas. It claimed they had found weapons, grenades and radio transmitters.

Henry Cabot Lodge, new U.S. ambassador to South Viet Nam, cut short a stopover in Japan and hastened to Saigon to assess the situation and express his government's anger.

President Kennedy approved a blistering rebuke by the State Department denouncing the "repressive measures against the Vietnamese Buddhist leaders."

The State Department charged Diem had violated a promise to seek a reconciliation with the Buddhists.

A few hours before his death July 28 at the age of 76 in Mayo Clinic in Rochester, Minn., Altman told a son and daughter he had buried all his money beneath the mill.

William Sutton of Pittsburgh, the family attorney who announced the first finds Wednesday night, said "We knew it was possible that old Mr. Altman was delirious and there was no expectation of finding anything buried there, money or otherwise."

Nearly a dozen workmen, all mill employees, began digging early Tuesday. They were guarded by Miami County Sheriff's deputies, and they dug nearly eight hours before their shovels struck metal.

The money was undamaged in the unsealed cans—tied up in bundles of two or three inches in thickness, and in all denominations. Each bundle was wrapped in sheets of the Dayton Daily News dated Oct. 10-15, 1945.

Some bought hideaways in the country so they'd have a place to flee to.

Some even joined churches to get right with the Lord — just in case.

Some quit drinking milk, fearing it had become a health danger because of the contamination of strontium 90 from atomic fallout.

Gradually, as nothing much happened — except that more and more test bombs burst in the atmosphere over isolated desert and ocean areas — the panic abated.

Life returned to routine. The ordinary man resumed his ordinary worries — how to find love in a dubious world, how to raise his kids, how to get up the rent money or meet the mortgage payments.

What about the unsolved problem of the hydrogen bomb? Let George fret about it.

The man in the street seems to have turned his back on the whole subject. Since he has concluded he can't do anything about it, individually, he no longer wants to talk about it.

UNDER MARTIAL LAW — South Vietnamese soldiers patrol the streets in the provincial city of Hue, South Viet Nam. The city has been under martial law since Aug. 16 following the fifth Buddhist suicide by fire in protest of the religious policies of the Ngo Dinh Diem government. It is reported that all of South Viet Nam has been placed under martial law and that police and soldiers have raided four Buddhist pagodas.

IT'S AN AIRPORT — A waiting passenger and a cowboy-playing youngster sit on the backs of chairs in the North Terminal of the Washington National Airport after water flowed into the terminal from a 2 1/2 inch rain that fell in the Washington, D.C. area.

## Ohio Man Didn't Trust Banks and Family Finds Half Million Dollars Buried Under Plant

TROY, Ohio (AP) — Buried treasure in excess of a half million dollars has been unearthed beneath an old mill—U.S. currency buried there by the late owner who told relatives he distrusted banks.

The Altman Mills feed plant four miles north of this southwestern Ohio city was the scene of the find.

Earlier in the week, workmen dug up two 10-gallon milk cans containing bills amounting to an estimated \$350,000.

Early today a third, five-gallon can was uncovered. It, too, was stuffed with cash.

Bank officials said the money thus far recovered is "in excess of \$500,000" but they were not specific as to the exact amount.

The finds came from under concrete pilings at the mill.

R. S. Altman, late owner of the mills, often had told relatives he did not trust banks.

A few hours before his death July 28 at the age of 76 in Mayo Clinic in Rochester, Minn., Altman told a son and daughter he had buried all his money beneath the mill.

William Sutton of Pittsburgh, the family attorney who announced the first finds Wednesday night, said "We knew it was possible that old Mr. Altman was delirious and there was no expectation of finding anything buried there, money or otherwise."

Nearly a dozen workmen, all mill employees, began digging early Tuesday. They were guarded by Miami County Sheriff's deputies, and they dug nearly eight hours before their shovels struck metal.

The money was undamaged in the unsealed cans—tied up in bundles of two or three inches in thickness, and in all denominations. Each bundle was wrapped in sheets of the Dayton Daily News dated Oct. 10-15, 1945.

Some bought hideaways in the country so they'd have a place to flee to.

Some even joined churches to get right with the Lord — just in case.

Some quit drinking milk, fearing it had become a health danger because of the contamination of strontium 90 from atomic fallout.

Gradually, as nothing much happened — except that more and more test bombs burst in the atmosphere over isolated desert and ocean areas — the panic abated.

Life returned to routine. The ordinary man resumed his ordinary worries — how to find love in a dubious world, how to raise his kids, how to get up the rent money or meet the mortgage payments.

What about the unsolved problem of the hydrogen bomb? Let George fret about it.

## Local Teachers Receive \$200 Year Raise, Yet Average Pay Here Far Behind Rest of State

By THE ASSOCIATED PRESS

A \$7 million increase in state teacher salary aid plus new local tax money will give almost every Arkansas public school teacher a raise this fall. Here is a look at what this will mean to some of the larger school districts:

Little Rock—A \$100 raise, added to a \$625 raise last year, gives a teacher average of \$4,960.

Blytheville—A \$300 raise gives a starting bachelors' degree teacher a salary of \$3,750 and a starting master's degree teacher \$4,350.

Hope — A \$200 per year teacher raise, making teacher's with BA degrees get \$3,400 a year and those with Master degrees \$3,700 a year.

Fayetteville—A \$200 raise for starting teachers and a \$300 raise for continuing teachers.

North Little Rock—An across-the-board raise of \$400 gives a bachelors' degree teacher a \$3,700 to \$4,700 range and a master's degree teacher a \$4,000 to \$5,000 range. The average has gone up from \$3,699 in 1961 to \$4,200 in 1963.

Pine Bluff—A \$145 across-the-board increase gives a bachelors' degree teacher a range of \$3,745 to \$4,350.

Texarkana—A \$150 raise gives a bachelors' range of \$3,650 to \$4,100 and a master range of \$3,850 to \$4,450.

Russellville—A \$300 raise, based partly on a \$15,000 shot in the Continued on Page Two

## Auxiliary of Legion Hold Family Picnic

The American Legion Auxiliary Unit 12 held its annual family picnic at Fair Park, Tuesday evening August 20th.

Mrs. Frank King, President introduced Rev. Joe Jones, who voiced the invocation.

Guests were prospective members of the Auxiliary and their families. Mrs. Alene Childs of Magnolia, State Historian of the Auxiliary and Miss Polly Childs of Magnolia, second place winner in the State Oratorical Contest, Miss Childs gave her winning address "The Perpetual Road To Freedom" which was well received.

Mrs. E. F. Formby, Poppy Chairman, presented the Cash Award to Tim White, First Place State Winner in the Poppy Poster Contest. Tim's poster is the Arkansas entry in the National Contest to be judged in Miami, Florida the week of September 5th, at the National Convention, Mrs. Formby also presented the Unit President, Mrs. King, with the Cash Award for Hope's First Place for the Miss Poppy Booklet.

Mrs. Herbert Griffin and Mrs. Howard Reese were welcomed into the Unit as New Members.

Approximately 50 Senior Members and Guests and 15 Junior Members and representatives of Boys and Girls State enjoyed a delicious picnic supper.

## Teachers Get Raise But New Law Criticized

By WICK TEMPLE  
Associated Press Staff Writer

Arkansas 16,000 poorly-paid public school teachers will get raises averaging \$5 a week when the new school term begins next month.

It's not exactly a windfall, but it is a step in the right direction.

Part of the raise will come from extra state aid; part from local funds. A spot check of 23 of the larger school districts shows annual raises averaging \$255 and ranging from \$100 to \$500.

Many teachers in smaller school districts will get less than \$5 a week. Some in rich districts will get up to \$10 a week, computed on a 12-month basis.

The outlook is for more raises in the future, yet the mechanism that will bring teachers extra money is drawing vigorous criticism from some school superintendents.

About half of this year's raise comes from an extra \$7 million appropriated by the 1963 legislature and earmarked for teacher salaries. Most superintendents don't mind the state aid being earmarked.

But another emergency legislative measure to raise teacher pay is drawing brickbats. It's a law that specifies that 60 per cent of all new local school taxes must go to raise salaries of teachers who taught in the district the last year.

For example, if a school district wants to raise taxes to build a \$400,000 school, it must raise taxes enough to provide \$1 million in revenue in order to give teachers 60 per cent of the new money.

If the district wants to hire new teachers and pay them \$9,000 in new tax money, \$20,000 in new tax money must be raised to give the old teachers 60 per cent of the new taxes.

The law and the \$7 million salary increase worked out by Gov. Orval E. Faubus, the Arkansas Education Association and the state Education Department.

Education Commissioner Arch W. Ford is all for the new law.

"It allocates to the teachers a fair percentage of increases in local taxes and prevents a diversion of more than 40 per cent of new revenues to construction or other operating phases," he said.

But G. H. Geis, Jonesboro superintendent, says: "This act can put some districts in a cramp immediately. It's too strict on local school boards to be allowed to remain on the books."

"It's a good temporary measure to require some districts to raise teacher salaries," Geis said. "But it will work an extreme hardship if it is continued very long."

## Railway Talks Bog, Senate Group to Meet

By BARRY SCHWEID

WASHINGTON (AP)—With rail negotiations at an impasse, the Senate Commerce Committee begins work today on legislation to avert a nationwide strike next Thursday.

Impelled by a new sense of urgency, the committee may be ready with a bill by early afternoon. Chairman Warren G. Magnuson, D-Wash., planned to confer with Democratic leader Mike Mansfield of Montana to see if the Senate will be ready to take up the measure Friday. If not, the bill will be brought up Monday.

Magnuson said that Rep. Oren Harris, D-Ark., chairman of the House Commerce Committee, had told him the Senate bill should reach the House early next week.

## Teachers Get

Continued From Page One

long."

The big complaint of some superintendents is that the state is trying to manage affairs of local school districts. "The law penalizes the school districts in that they are forced to use the new money for teachers in service and past year," said Dr. Hugh L. Mills, Hot Springs superintendent. "It doesn't take into consideration the need for new teachers."

"We realize that teachers need the additional pay," said Charles King, Pocahontas superintendent. "But it is not certain we will always be able to furnish the desirable space in which to teach under the arrangement."

Ford says some school districts have been operating for years under fiscal policies which, indirectly, result in the teachers paying for school improvements.

"I think that the 40 per cent is sufficient to underwrite necessary improvements," Ford said. "And if it isn't sufficient, the district will have to find the money through increased investment rather than taking it off teacher salaries."

Ford pointed out that, beginning Sept. 1, all new teachers in Arkansas must have bachelors' degrees. "If we're going to have better qualified teachers, we're going to have to pay them more," Ford said.

Although Arkansas ranks 48th among the states in teacher pay, it is 22nd in teacher qualifications and Ford predicts that in three years the state will be in the top 10 in that category.

Arkansas' 1,600 public schools now are getting just under half of the state's general revenues. Ford said he hopes the figure will rise to 51 or 52 per cent, perhaps in the next three years. He looks for more teacher pay improvements in the 1965 legislature.

He thinks the 60 per cent law will be an integral part of Arkansas' campaign to raise its teacher salaries.

But Little Rock Supt. Floyd Parsons compares the law with federal encroachment on states rights. "The state should not tell a local school district how it should spend local tax funds," Parsons said. "I would like to think that the law would be amended or repealed."

He looks on it as a stopgap measure to reverse the embarrassingly low teacher salary scale.

There is resignation to the law in some quarters. Fort Smith Supt. Chris Corbin said, "I don't know that it makes much difference what I think."

Some superintendents are for it. J. K. Williams of Paragould says "I see nothing wrong with the law. However, school districts always put in more money than required. I was disappointed that it wasn't more."

Wallace Bailey of Russellville thinks the law "will prevent some districts from wasting money on unnecessary frills and fads."

Arkansas has a minimum salary of \$2,700 for a teacher with a bachelor's degree and \$3,000 for one with a master's degree.

Ford said this affects "only a few very poor mountain districts and a few Negro districts."

## Prince Edward Co. Registers Students

FARMVILLE, Va. (AP)—Negro children in Prince Edward County continued registering today for private segregated schools that will provide most of them their first formal education since 1959. Officials of the Prince Edward Free School Association estimated as many as 1,600 pupils might sign up for the classes to be administered by a biracial board of Virginia educators.

Through Wednesday, 856 pupils had registered. The schools will use public buildings, which were closed four years ago to evade a federal court's desegregation order.

At least one white, Richard D.

## Local Teachers

Continued From Page One

arm from the state.

Batesville—A \$300 raise gives a starting bachelor's degree teacher a \$3,500 salary and a master's degree teacher a \$3,800 starting salary.

Malvern—A blanket \$150 raise from the legislature and a \$45 a year raise from local money for half the teachers in the district in line with regular salary increases.

Springdale—A \$300 raise for a starting bachelor gives a range of \$3,000 to \$3,950; master's range from \$3,300 to \$4,250.

Pulaski Rural—\$500 raise based half on a \$200,000 state money increase and \$218,000 on local funds.

Paragould — \$125 across-the-board increase, including \$48 raise from state funds.

Greene County Tech — \$200 across-the-board increase with a range of \$3,200 to \$3,800 for bachelor's degree teachers.

Conway—Increases range up to \$500 with the average at \$475. The bachelor range is \$3,300 to \$4,275. The master's range is \$3,600 to \$5,000.

El Dorado—\$150 increase to an average of \$4,200.

Smackover—\$200 increase to a \$4,200 average.

Strong—\$300 raise to \$4,200 average.

Fort Smith—\$200 raise, \$120 from the state and \$80 local money. (Hired 40 new teachers for new Southside High School.)

Hot Springs—\$250 across-the-board raise, bachelor's scale from \$3,500 to \$4,500. Master's scale from \$4,050 to \$4,900.

Pocahontas—\$168 per teacher raise.

Jonesboro—\$204 average raise, new scale from \$3,349 for starting bachelor to \$4,680 for master's degree teacher with 14 years experience.

Magnolia—\$200 average raise, but raises range from \$150 to \$250, depending on experience.

Moss, 17, of Farmville, was registered by his father, Dr. C. G. Gordon Moss, dean of Longwood College, a state-supported girls' school here.

## Fulbright Lashes Life Magazine

WASHINGTON (AP) — Sen. J. William Fulbright, D-Ark., says a Life Magazine article on what the publication called federal "pork barrel" projects was a gross misrepresentation of fact.

And he said the authors of the article published in the magazine's Aug. 16 issue were "far off base" in their criticism of the Arkansas River Navigation project which Fulbright said would benefit the nation just as much as existing Mississippi, Ohio, and Tennessee River projects.

Life magazine had no comment on criticism of the article by House members on Monday.

In a Senate speech Tuesday, Fulbright said he seldom, if ever, comments on magazine or newspaper stories on this nature but the Life article "is so gross a misrepresentation of fact on important national programs that I cannot refrain from commenting briefly on it."

He said the article neglected completely the "proven record of success of our operating water projects."

Fulbright said he wondered whether the \$14.5 million the Post Office Department loses each year in distributing Life could qualify as "pork."

"The public interest is served, Congress has repeatedly said, by subsidizing mailing of newspapers and magazines," Fulbright said. "I support this policy as well as the congressional policy, affirmed each year, of developing the nation's water resources on a sound basis."

Fulbright said the Arkansas River part of the article contained factual errors "so numerous that it would burden the (Congressional) Record for me to discuss each one."

He said the Arkansas River has been neglected far too long "and I know of no better investment the Congress could make of the taxpayers' dollars than this project to tap the resources of the last great undeveloped river in America."

Congress, he said, does some irrational and sometimes silly things but it is unfair to accuse it of consistently and deliberately wasting billions of dollars on useless projects "as alleged in this article."

## Has Confidence in Police Force

LITTLE ROCK (AP) — Little Rock City Manager Ancil M. Douthit said Wednesday he still has every confidence in the city's police force, despite the dismissal of three of its top officers in the past week.

Douthit said the dismissals have no reflection on the integrity of the force as a whole.

His statement came after the firing by Chief R. E. Glasscock of his assistant, William H. Maack and Capt. Paul R. Terrell and the dismissal, by Douthit, of Glasscock.

Douthit said policemen on the force should not discuss rumors about the dismissals until the Civil Service Commission chooses to make the facts and charges public. All three men have said they will appeal.

The city and the commission have declined to reveal the reason for the firings.

## Governors Pass Civil Rights Issue

By DON MCKEE

WHITE SULPHUR SPRINGS, W. Va. (AP)—Gov. Ross Barnett of Mississippi strode to the podium at the Southern Governors' Conference and said with the air of a Confederate general: "If there ever was a time when we should take a stand, gentlemen, it is today."

Barnett followed three other Dixie governors who condemned federal policy on civil rights and integration issues.

When they had heard Barnett's appeal, the other 10 chief executives applauded politely but that was all. There were no further appeals, no rebel yells.

The damper had been slapped on the touchy issue of civil rights before the conference closed on a superficially harmonious note.

A few years ago resolutions like those backed by Barnett and Gov. George C. Wallace of Alabama would have had a ringing reception.

"Times are changing," said West Virginia's soft-spoken Gov. W. W. Barron.

He had met Negro demonstrators at the gates of the conference's posh center and shaken hands with them when they marched to protest statements by

the vocal segregationist governors.

The significance of the governors' refusal to get into a fight over civil rights and integration was threefold, even according to the chief executives themselves:

1. Only two of the governors—Wallace and Barnett—actively pushed for a showdown. The other governors said they felt nothing could be gained by a debate which nobody would win. They said this was not the time, the place, or the desirable approach.

2. Many of the Deep South governors show distinct tendencies toward avoiding extremism. A growing number are moderate in their views, although not always publicly.

3. Border-state governors belonging to the conference oppose Wallace's proposals. They—or their constituents—have more liberal feelings on racial issues.

Barron said that even if the Wallace resolutions had been put to a vote, they would have fallen far short of a majority before the conference agreed Tuesday to require unanimous approval of resolutions.

Knowing he was defeated, Wallace merely filed his resolutions Wednesday with a perfunctory and comparatively mildly worded explanation of each.

He condemned a Defense Department directive permitting military commanders to declare segregated civilian facilities off limits; the public accommodations section of the civil rights bill; use

## Women Smokers Want to Join Club

NEWPORT, R.I. (AP) — Sally Bison of Milis, Mass., cigar-smoking Phi Beta Kappa of Wellesley College, is seeking to have women admitted as members of the Cigar Smokers of America.

Mrs. Bison said Wednesday she will press a move for integration of men and women cigar smokers at the second annual convention of the national organization in Newport this weekend.

Her previous request to join the Boston Humidor—a cigar-smoking men's group—was turned down by men of that organization. She claims 1,000 women in this country now smoke cigars.

of National Guardsmen to enforce desegregation; and the planned Aug. 28 march on Washington.

"They couldn't have passed," said Gov. Bert Combs of Kentucky. Combs, who has moved to eliminate discrimination in his state, said it didn't make any difference to him if the issues were debated.

"But we shouldn't devote the whole conference to it," he added.

Govs. Jimmie H. Davis of Louisiana and Orval E. Faubus of Arkansas, previously outspoken on racial issues, agreed the controversy should be kept out of the conference. Carl E. Sanders of Georgia, newly elected, went along.

## Narcotics Probe at Hot Springs

HOT SPRINGS, Ark. (AP)—Hot Springs police arrested four persons in connection with a narcotics investigation Wednesday and two others were bound over to the Garland County Grand Jury.

The action brought to eight the number of persons picked up by police since a raid Aug. 14 on a motel room.

Special investigators Milton Cowart and Kenneth Simmons identified those arrested Wednesday night as William Glenn Gardiner, Valentine Galloway, 34, and Janice Marie Tedder, 20, all of Oklahoma City, and Horace P. Haley, 52, of Hot Springs.

The officers said Miss Tedder, Gardiner and Galloway were charged with vagrancy and held for investigation of narcotics; Haley with forging and uttering narcotics prescriptions.

William T. Smith Jr., 26, of Hot Springs and Jimmy Brown, 19, of Little Rock were bound over to the Garland County grand jury Wednesday on charges of possession of marijuana.

The two men waived preliminary hearing before Municipal Judge Robert Ridgeway and were returned to Garland County jail under \$3,000 bond each.

Alberta Mitchell and Diana

## Demonstrators Are Arrested

NEW YORK (AP)—Eight demonstrators were arrested Wednesday when they dumped part of truckload of rubbish in City Hall Plaza to protest conditions in New York slums.

The rubbish included rusted bed-springs, torn mattresses and dilapidated furniture.

Seven of the demonstrators were charged with disorderly conduct and the eighth was charged with littering. All were released on bond.

Trantham, both 20, of Little Rock, were ordered held as material witnesses in the case and were released on bond of \$1,000 each.

Brown was arrested Aug. 14 as he left Smith's room and Smith was picked up in a Hot Springs bar, Cowart and Simmons said. The two women were arrested the next night.

The two officers said they confiscated a tobacco can filled with refined marijuana and a packet of marijuana seed during the raid.

They said Galloway and Miss Tedder each are free on \$10,000 bond for manslaughter in Oklahoma City.

## Calendar

Saturday, August 24

ATTENTION all Girl Scouts, adult workers, future Girl Scouts and person interested in Girl Scouts — Melvina Neighborhood Girl Scout play-day will begin with registration at 9:45 a.m. Monday, August 26, at the Girl Scout Little House in Fair Park. Bring sack lunch and 10c for cold drink desired and be ready for a day of fun. Dismissal at 2 p.m.

Sunday, August 25

The wedding of Pamela Aslin, daughter of Mr. and Mrs. Leonard Edward Aslin, and Larry Wayne Chandler, son of Mr. and Mrs. Curtis Chandler of Crossett, will be solemnized Sunday, August 25 at 2 p.m. in the First Methodist Church of Hope. A reception will follow at the Heritage House. Their friends are cordially invited to the wedding and reception. No cards will be sent.

Monday, August 26

The Ann Wollerman Circle of the First Baptist Church will meet Monday, August 26, at 7:30 at the Church for the Royal Service Program. All members are urged to be present.

## Miss Aslin Feted With a Brunch

Miss Pam Aslin, bride-elect of Larry Chandler of Crossett, was feted with a brunch Monday, August 19 at the Heritage House by Mrs. Syvett Burke of Springfield, Ark. and Mrs. Hinton Davis. The honoree wore a blue and white frock and pinned pink camellias at her shoulder. Similar

corsages were also presented to Mrs. Ed Aslin, mother of the honoree, and Mrs. Curtis Chandler of Crossett, mother of the future bridegroom. White zinnias, smilax, and wedding bells centered the serving table where covers were laid for 19. Miss Jane Ward of Little Rock was an out-of-town guest. A gift of silver was presented to the honoree by the hostesses.

## Morning Coffee Held For Mrs. Paul Rawson

A morning coffee honoring Mrs. Paul Rawson, who recently moved to Hope from Webb City, Mo., was given by her daughter, Mrs. Lynn Harris, August 21 at the Hope Country Club. Approximately 150 called during the appointed hours.

A hen and rooster motif was carried out in the decorations. The serving table was covered in a yellow cloth with a rooster centerpiece and white celosia. The serving accessories also used the chicken theme. On the mantle an arrangement of yellow and gold zinnias in a white container was seen with two white pottery chickens. Arrangements of summer flowers in rooster containers were seen throughout the entertaining room.

Those who assisted Mrs. Harris were Mrs. F. C. Crow, who greeted guests at the door, and Mrs. Lowell Harris, who poured. Dispensing hospitality were Mrs. Lyle McMahon, Mrs. Emmett Wassell, Miss Linda Britt, and Miss Camy Harris.

## Bridge Club Meets

When Mrs. R. T. White entertained her Tuesday Bridge Club on August 20, Mrs. Taylor Stuart was a club guest. Roses and daisies were the summer flowers seen in the home.

The guest, Mrs. Stuart, was also high scorer for the afternoon. During the play at two tables, coffee and cold drinks were served.

## Hope Jaycees Meet

The Hope Jaycees met Tuesday night, August 20, in the First National Bank Community Room. The president, Mrs. Melvin Redd, called and meeting to order with 12 members answering the roll call.

Two new members were welcomed, Mrs. Ray Marek and Mrs. Jerry Garrett, and two visitors, Mrs. Dick Worthy and Mrs. Dennis Ross.

Plans were discussed to attend a Jaycee and Jayceeette meeting in Texarkana August 15.

Two members, Mrs. Pug Goodner and Mrs. Doyle Yocum were honored with a pink and blue shower with both receiving many lovely gifts. Game prizes were won by Mrs. Raymond Clark and Mrs. Ray Marek. Cakes decorated in a pink and blue color theme, and punch served by the hostesses, Mrs. Roger Pitts and Mrs. Melvin Redd.

## Miss Franks Honored With Dinner Party

Miss Penny Franks, bride-elect of Ronnie Formby, was honored with a dinner party Monday evening, August 19 by Mrs. Adella Quillin in her home at Texarkana, Texas.

An arrangement of white flowers centered the dining room table where dinner was served to twelve. The guests included the honoree, her mother, Mrs. J. W. Franks, Mrs. Garry Formby, mother of the future bridegroom, Mrs. Duffie Booth, Misses Suzanne Booth, Mary Gayle McRae, Jan Reinhardt, Tena Pilkinton, Robyn Formby, Peggy Franks, and Nancy Tooley of Richardson, Texas.

Breakfast for Miss Penny Franks, a breakfast for Miss Penny Franks, was held at the Heritage House Wednesday, August 14 with Mrs. R. L. Gosnell as hostess. The honoree wore a gray and white ensemble and pinned a corsage of daisies at her shoulder. An arrangement of daisies centered the dining table where covers were laid for ten. A gift of silver marked the honoree's place. The guests included the honoree, her mother, Mrs. J. W. Franks, Mrs. Duffie Booth, Mrs. Bin McRae, Misses Suzanne Booth, Mary Gayle McRae, Betty Bryant Tena Pilkinton, and Peggy Franks.

## Coming and Going

Miss Judy Robins, who will re-

## Defense to

Continued From Page One

a government figure of \$27,000. Morris said Hurst paid \$10.95 tax in 1956, \$36.79 in 1957, and \$5,665 on an amended return in 1959.

He said Hurst should have paid an additional \$490 in 1956, \$904 in 1957, none in 1958 and that he should have paid only \$2,333 in 1959 based on an individual tax return rate. The amount would be less if Hurst filed a joint return.

Morris was to be cross-examined Thursday afternoon. Then the government has a chance to present rebuttal testimony. Closing arguments may be held over until Friday morning and the jury should begin deliberation sometime Friday.

Morris contradicted a government tax expert's testimony and said Hurst's net worth in 1955 was \$47,815 compared with a government figure of \$40,726. Morris said net worth increased in two years and decreased in two years.

## By LEN TALIAFERRO

HOT SPRINGS, Ark. (AP) — Owey Madden, 71, a ganglord of the Hell's Kitchen District of New York City in the prohibition era, testified in U.S. District Court Wednesday that he had loaned state Sen. Q. Byrum Hurst \$20,000 from 1956 to 1959.

Hurst is charged with evading \$22,913 in federal income taxes during those years. His trial entered its 14th day today.

Madden said he did not know what the loans were used for and that when he loaned money he never questioned how it was to be used.

It was the first time that Madden had been in the news spotlight since he left New York and went into seclusion in Hot Springs in 1935.

During a blazing underworld career in bootlegging and rackets in New York from 1910 to 1934, Madden was accused by police of six killings and many other assorted crimes. He served only two terms in prison.

During one of them, an eight-year stretch in Sing Sing Prison, he admitted to operating a block-long brewery in New York. Federal agents said it made 300,000 gallons of beer daily and that the equipment alone was worth \$1.5 million.

Madden testified that he had known Hurst for 15 years. He said that when Hurst was in the legislature the senator's secretary came frequently to him and asked him to pay obligations. Madden said Hurst paid some of the money back and some was left unpaid. He said he did not require interest.

Madden said he helped Hurst any way he could politically and gave him financial help if he needed it.

Pros. Atty. Charles Conway questioned Madden about testimony he gave to the U.S. Grand Jury that indicted Hurst April 8 at Fort Smith. Madden recalled that statements he made to the grand jury about repayment of money loaned to Hurst were not exactly true. He explained that he was ill at the time. Conway queried him on this.

"You bet your damn life I was sick. Very sick," Madden replied. Madden said he consolidated the loans for 1956 through 1958 on one large sheet and kept individual notes for \$1,700 he loaned Hurst in 1959. He said he and Hurst had a personal agreement and that he tore up the notes on the 1959 loan.

He testified that Hurst wanted him to keep notes on the loans.

Madden testified that he was employed until August, 1961, with a racing wire service which at the time was not illegal. He said the wire service had offices in the Ritter Hotel, of which Hurst owned a part.

Most of the French people who came to Arkansas (1896-1903), were hunters and trappers.

turn to her teaching position in the Crossett school this fall, is attending a workshop for a few days in Little Rock.

George Wright, Jr., has returned home following a summer spent in the Military Academy at Columbia, Tenn.

Mrs. George Bright has received word that her daughter, Mrs. James Harris, Mr. Harris, and baby have returned from Honolulu, Hawaii, to Los Angeles, where they will make their home. Their friends in Hope will be interested in the news of their move.

Mrs. Syvett Burke returned to her home in Springfield, La., Wednesday after spending a few days here with friends and relatives.

Mrs. and Mrs. W. F. Bröning and Bill Hinzman, all of Little Rock, visited Mrs. Thompson Evans, Jr., Roy Anderson, and Mrs. Cora Jamison on Wednesday on route home from Albuquerque, N. M.

The George Frazier family and the Crit Stuart, Jr. family have returned home from a trip to Six Flags Over Texas.

Mr. and Mrs. Mike Kelly and Mrs. George Hosmer are attending the fashion market in Dallas.

Mrs. Terry Dean Smith

Miss Rose Marie Garland, daughter of Mr. and Mrs. Lee Garland, Rt. 7, Crayfordsville, Indiana, became the bride of Terry Dean Smith, son of Mr. and Mrs. Porter L. Smith of Rt. 1, Knightstown, Indiana, at 2:30 p.m. August 3, in the Hazelwood Christian Church in Muncie.

Rev. Radall Campbell performed the double-ring ceremony before an arch of ivy and ferns flanked by two seven-branch candelabra.

Music was provided by Mrs. Don Parlette.

Given in marriage by her father, the bride wore a white street-length sheath with a fitted jacket. The jacket was accented by a lace bodice. A veil topped her white hair. She carried a white Bible covered with pink and white sweetheart roses with white satin ribbon streamers.

The maid of honor, Miss Martha Garland, sister of the bride, wore a pink street-length spaghetti-strap dress with a brocade bodice. She carried a nosegay of white carnations and pink sweetheart roses.

Carl W. Harrison of Muncie served as best man and Ronnie Smith, brother of the groom, and Pat Raudenbush of Berne were ushers.

For her daughter's wedding, Mrs. Garland chose a beige linen sheath with black accessories. Her flowers were white carnations and pink sweetheart roses.

The groom's mother, Mrs. Smith, wore a dress of pastel prints with beige accessories. Her flowers were white carnations and pink sweetheart roses.

The bride is the granddaughter of Mrs. D. M. Samuel, Rt. 3, Hope.

The couple is now living at 2930 Godman Ave. in Muncie, Indiana where both are juniors at Ball State Teachers College in Muncie.

## Protests AP&L Rate Increase

LITTLE ROCK (AP) — Two electric co-operative groups have filed protests to a new Arkansas Power & Light Co., rate increase proposal that would allow the firm to wholesale power to co-operatives on a month-to-month basis.

The AP&L request is before the state Public Service Commission. The Arkansas State Electric Co-operative and the Woodruff Co-operative, Inc., filed protests maintaining the new rate would be unfair and discriminatory.

The ASEC asked the commission to suspend the new rate until it could be considered on its merits at a meeting. AP&L now supplies wholesale power to 14 of the 18 electric co-operatives in the state and has signed 10-year contracts with eight of them.

Under the long-term contract the co-operatives pay an average of 6.7 mills per kilowatt hour. The increase would provide power at 8.5 mills per kilowatt hour on a monthly basis, beginning Sept. 14.

## DOROTHY DIX

DO IT YOURSELF! HER MOTTO

By HELEN WORDEN ERSKINE

Dear Helen: Curiosity keeps me reading your column, but in the doing I find myself frequently being helped too. I guess you would call me a doer.

From childhood, I've always wanted to learn how, by first hand experience. From my mother, I learned how to bake good, wholesome bread, organize the housework and wash and iron like a professional. Being the youngest I missed out on other things. Here, the neighbors proved guardian angels, teaching me, as a young wife, how to can vegetables and fruits, make lovely laundry and hand soap, quilt, sew, patch and repair furniture. All of which was very essential for me to know since our family was growing more than our income. If the children, one is now married, two work and the rest, with the exception of the tiny tot, are school age.

My husband is a conscientious worker but his is a seasonal job with winter layoffs. Our vicissitudes have drawn us all the closer and taught us to appreciate the better qualities of one another. Ours is a truly happy marriage. I have been materially helped by books on personality and character development, as well as by your column.

Lately, I've been taking stock of myself, as you often suggest. What I need is more information on how to develop a sense of humor and hospitality in the home. Any suggestions? I subscribe to the theory that we're never too old to learn. —Busy and Like It.

Dear Busy You "are" a rare one in this day and age! Agreed that we are never too old to learn but I doubt very much that a

sense of humor can be acquired, or developed, if we are short on that quality to begin with. Most people with an unusually keen sense of humor were born with it. It's like blue eyes, or red hair. Of course we can learn to appreciate humor and to do this we should expose ourselves to as many varieties as possible—in magazines, books, newspapers and TV. There are so many different brands of humor, ranging from old slapstick movies to subtle cartoons in effete magazines. Sample all types. The one common denominator is—not to take anything too seriously, including oneself.

As for hospitality in the home, scan current and back numbers of women's magazines as well as the woman's page of this newspaper for novel entertainment ideas. True hospitality depends not so much upon what you serve as on the spirit of friendliness generated by a thoughtful mixture of guests and your own obvious delight in gathering them together under your roof.

If you have a good time at your party, so will the guests. Hostesses who knock themselves out over entertaining their guests only succeed in making them feel uneasy. Send a stamped, self-addressed envelope for my leaflet, "Guidance to Gracious Living."

Dear Helen: We are two decent women, both wives and mothers, in our late twenties. We would like to know your definition of the word "sexy." Everyone in our neighborhood thinks that in order to look sexy, you must look vulgar. We think a sexy-looking girl is one who looks attractive and appealing, not necessarily half-dressed, or a fanny-swisher. Are

we right? —Two Normal Housewives.

Dear Housewives: Beauty is supposed to lie in the eye of the beholder and I think the same is true of sex. In other words, the adjective "sexy" is a relative term. Marilyn Monroe was supposed to have epitomized sex to the average male. Her feminine attributes were displayed so as to leave nothing to the imagination. I doubt if anyone—either male or female—would dispute her sex appeal. But the average female may be sexy to one man, repulsive to another.

Sexiness depends entirely upon the masculine reaction. Its components: a pretty face, good figure, becoming clothes, are all matters of individual taste. Then there is also the intangible quality which has nothing whatsoever to do with physical appearance. Sexiness defies exact description but perhaps the nearest description might be: the physical attraction existing between members of the opposite sex. Ask your husbands if they agree.

Dear Helen: My only daughter married and vanished 10 years ago. Not being able to afford private detectives I contacted the Bureau of Missing Persons in New York with no results. Suffering as I am from an incurable disease, I long to see her before I die. Have you any idea of how to find her? —Lonely Mother.

Dear Lonely: Since the police are limited by law to cases involving minors, the aged and mysterious disappearances, I don't believe they can help you. A voluntary departure from home, no matter what the reason, is considered a family problem, not under jurisdiction. Other private agencies you might turn to are: The Salvation Army, the Family Location Service and the Travelers Aid. Perhaps your daughter

## Interchange Section Open

LITTLE ROCK (AP)—A newly completed 11.1 mile section of Interstate 55 between Joiner and the Lake David Interchange near Turrell has been accepted by the state Highway Department and Bureau of Public Roads and opened to traffic.

Ward Goeman, acting highway director, said no effort would be made to reroute through traffic off U.S. Highway 61 at Joiner to the newly opened section, however. He said Highway 118 would not stand up under heavy traffic. Interstate 55 runs through Crittenden and Mississippi counties to the Missouri state line.

Goeman said traffic heading south of Highway 61 and 63 is routed on the Interstate at the Lake David Interchange.

## Electrical Merger

LITTLE ROCK (AP)—The Tennessee Valley Authority has awarded the Rome, N.Y., Cable Corporation a \$2.2 million contract for 7.5 million feet of transmission line cable to connect its Johnsonville Steam Plant in Western Tennessee to the Arkansas Power and Light System.

reads this column and will respond to your plea. I sincerely hope so.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## Big Dakota Cattle Drive Is Planned

PIERRE, S.D. (AP)—What may be the biggest cattle drive in the United States since the turn of the century is planned for next month. Rancher Ray Houck, former lieutenant governor of South Dakota, said today he would drive 2,000 head 125 miles down the Missouri River from his ranch in Walworth County to his Standing Butte spread near Pierre. The drive is to start Sept. 15. Houck said he planned his drive "to promote the cattle industry and promote South Dakota."

## Watch Big Boys Is Word at Akron

By JOE MOOSMIL  
Associated Press Sports Writer

AKRON, Ohio (AP)—Watch the big boys. That's the word in the American Golf Classic, a 72-hole test which begins Thursday and winds up Sunday.

Arnold Palmer, Jack Nicklaus and Julius Boros are favored because of their ability to master long, tough courses. The 718-yard Firestone Country Club course is one of the longest and toughest in the country.

Most of the players competing agree that Palmer and Nicklaus are hitting their drives the \$50,000 tournament, with a top prize of \$9,000, could become a two-man show.

Boros, the U.S. Open champion, is enjoying one of his best years and the 43-year-old veteran ranks as a strong contender.

Although the long hitters are getting all the attention, one man who shouldn't be overlooked is little Gary Player. He has not been on the tour since the PGA a month ago and is well rested.

Player started off with a bang in a practice round Wednesday. He had a birdie, an eagle and another birdie on the first three holes and finished with a two-under-par 68.

Palmer won the Classic last year with a four-round course record of 276. He indicated he'll be just as tough this year when he shot a one-under-par 69 in a playoff Tuesday against Phil Rodgers and Jacky Cupit to win the fourth and final berth in the World Series of Golf, which is scheduled at the Firestone course Sept. 7-8.

## Broyles and Royal Can't See Title

FORT WORTH (AP)—Football is just as important as anything on the curriculum and there is too much emphasis on the intellectual—the average—Bill Murray, veteran coach of Duke University, said Wednesday night.

Speaking at the fifth annual Fort Worth football rally to a crowd of 800, Murray said it was good to want a high average in the classroom but that football and other activities that furnished spirit were necessary, too.

Southwest Conference coaches attended along with 21 of their players. All were optimistic except Frank Broyles of Arkansas and Darrell Royal of Texas. Broyles said he had lost three of the four top conference hall-carriers and was going to have to shift a lineman to fullback for the second year in a row.

Royal said his team won by the narrow margin of seven points per game last year and that it didn't stand a chance of being any better. Since the other teams would be stronger and "we can't rely on breaks we can't expect as good a season as last year," Royal said.

## Many Pray for Trapped Miners

HAZLETON, Pa. (AP)—Many persons are praying for three miners trapped 331 feet underground. They're also sending letters and cards of encouragement to the men's families.

Mrs. David Fellin, whose husband is one of the trapped miners, said today she had received several letters and cards. Some letters contained money.

"We are praying for the men and their families," said a card from a Wilkes-Barre, Pa., family. "God bless you all. Keep up your courage."

Mrs. Fellin said the letters and cards have lifted her spirits. Financially, she said, "it's very hard. My friends and family are helping in every way."

## Population Up

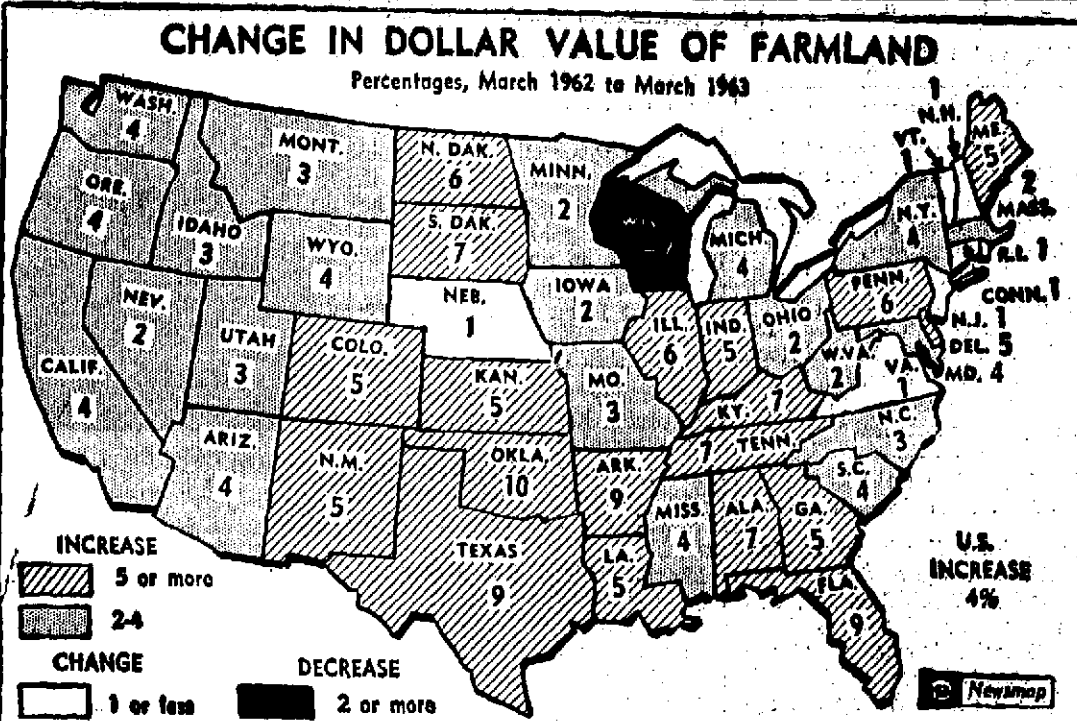

JACKSONVILLE, Ark. (AP)—Mayor John Hardin said Saturday that Jacksonville's population was now 16,710, compared with 14,498 in the 1960 census. The increase, which makes Jacksonville the 12th largest city in the state, will mean an extra \$18,000 a year in state turnback funds to the city. A special census was held in the city last week.

neral Home, Inc., in charge.

Mr. Ira Cox, a native of Nevada County, a long-time resident of Hope passed away at his home on Alpha Street August 19, 1963.

Funeral arrangements will be announced by Hicks Funeral Home, Inc.

Legion to Meet  
Hempstead Co. Barracks 558, veterans of World War I, American Legion, will hold its regular meeting Sunday, Aug. 25, at the Community Center at 2 p.m. Commander Lee Trus urges all members to be present.

**HARDLY DIRT CHEAP**—American farms are getting larger and more valuable. U.S. Department of Agriculture figures show that farm real estate market prices moved to new highs during the period March 1962 to March 1963. Average market value of all farm real estate in the 48 continental states rose 4 per cent. Estimated value reached \$164 billion, up \$6 billion from the previous year. Average value per farm climbed to \$45,000, up from \$42,000; average per-acre price rose from \$124 to \$130. Wisconsin was the only state to register a decline. Farm price extremes ranged from \$264 an acre in the Pacific States down to \$48 an acre in the Mountain States.

## Escape Hole

Continued From Page One

The first hole took about 22 hours to drill; the second about 25—not counting the six hours lost Wednesday afternoon when a drive shaft broke.

"We've got a little problem," Gordon Smith, deputy state secretary of mining, informed Thorne and Fellin by way of the microphone in the existing six-inch lifeline hole.

"It looks like we've gone to the bottom rock," said Smith. "It looks to me like we hit bottom rock. White stuff is coming up the 12 inch hole."

Previously, anthracite dust had been coming up the drill as it churned with agonizing slowness. Considering that it was at about the proper depth and that Fellin and Thorne were known to be trapped in a seam of coal, the dust was taken as a sign that the drill was about to break into the prison chamber.

When the drill passed the coal seam and hit solid rock again, it was obvious it had missed.

"White stuff coming up, huh?" Fellin replied.

There seemed to be not the slightest change in his voice—although he and Thorne obviously knew it was a staggering blow to their chance of being rescued soon after being trapped for nine days.

At the time the second escape hole missed it seemed the rescue operation was only a traction away from success.

Fellin, co-owner of the mine, is advising on the rescue operations. He is familiar with nearly every twist and turn of the mine.

As they have been throughout, Thorne and Fellin were nonchalant, joking and reminiscing as the bit bore down.

The third man, Louis Bova, 42, is separated from Fellin and Thorne by a mass of debris. He is believed about 25 feet from them.

Wednesday Fellin and Thorne dug a small, 11-foot tunnel through this debris in the hope of locating Bova, whose fate has remained uncertain since Tuesday night when the others reported hearing him shout twice after being out of contact for 40 hours.

Rescuers first made contact with the trapped miners Sunday night, five days after the cave-in and at a time when the men were feared dead by some.

Some mine experts in the rescue party questioned the reports of Fellin that he had reestablished contact with Bova.

Fellin and Thorne have been receiving food and other supplies through the six-inch lifeline hole and also have been able to communicate with rescue workers and guide the operation via a microphone lowered into the shaft.

Drilling of the 12-inch hole was delayed Wednesday for six hours because of a broken drive shaft on the drilling rig.

The time lost apparently spurred officials to make temporary plans to speed up their timetable, and likely discard a plan to ream the hole to 24 inches, which would take several more hours.

## President Is Cautious on Viet Nam

By LEWIS GULICK  
AP Diplomatic Affairs Writer

WASHINGTON (AP)—President Kennedy is moving cautiously on Viet Nam because the stakes are high and he sees little room for maneuver.

Through the Washington looking glass, the Diem assault on the Buddhists looks like a bad side-show threatening to spoil the main act.

The main act is the struggle with the Reds—the longest hot fight of the cold war—with ultimate stakes the control of strategic Southeast Asia.

The Kennedy administration figures victory will come in the mean guerrilla war to which America has committed men and massive military aid. But it is increasingly worried that bad government in Saigon will reverse the tide in favor of the Communists.

The New Frontier urge to "do something" about this has run into the classic problem America has faced before: A deep commitment against the Communist threat, on the one hand; and on the other, a local anti-Communist regime lacking wide support among the people.

U.S. strategists say they see no alternative at present to the leadership of President Ngo Dinh Diem. A priority task of the newly arriving U.S. Ambassador to Saigon, Henry Cabot Lodge, will be to canvass what other choices may be open without weakening the campaign against the Reds.

A month ago, Kennedy at a news conference expressed his personal hope that a solution would be reached in the Diem-

lished contact with Bova.

Fellin and Thorne have been receiving food and other supplies through the six-inch lifeline hole and also have been able to communicate with rescue workers and guide the operation via a microphone lowered into the shaft.

Drilling of the 12-inch hole was delayed Wednesday for six hours because of a broken drive shaft on the drilling rig.

The time lost apparently spurred officials to make temporary plans to speed up their timetable, and likely discard a plan to ream the hole to 24 inches, which would take several more hours.

## Man's Sister Also His Sister-in-Law

EASTHAMPTON, Mass. (AP)—

Can a man's sister also be his sister-in-law? And can a woman's brother also be her brother-in-law?

The more you think about the wedding ceremony in Holyoke Friday the more complicated the question seems.

For in a double ceremony John Solits, 18, will wed Mary E. Brisson, 19, and Mary Brisson's brother, Henry, 22, will marry John's sister, Nancy Ann, 21.

Buddhist struggle.

And he said at that time that the United States would not withdraw its support from Diem's government in its war against the Communist guerrillas. He declared:

"For us to withdraw from that effort would mean a collapse not only of South Viet Nam but Southeast Asia. So we are going to stay there."

The current situation is traced by U.S. analysts back to the World War II period when Japan occupied the area. Communist guerrilla leader Ho Chi Minh led a resistance movement against the Japanese and kept up his resistance after the French returned.

# Dodgers Win Over Cards in 16 Innings

By MIKE RATHET

Associated Press Sports Writer

Johnny Roseboro, who probably has set a world record for deep knee bends, ripped a line single just before the clock struck midnight at Los Angeles that may have foiled the end of St. Louis' National League pennant hopes.

The Dodger catcher singled past third base, scoring Ken McMullen, who had doubled, with the winning run in a 16-inning marathon that gave the first-place Dodgers a 2-1 decision over the Cardinals and a 7½-game lead.

That sent the largest crowd of the year—54,125—home happy despite their failure to see Sandy Koufax get his 20th victory. The ace Los Angeles left-hander left for a pinch hitter in the 12th after allowing nine hits.

Koufax, however, did achieve another distinction in his battle with Cardinal starter Curt Simmons, who retired for a pinch swinger in the 14th after pitching a seven-hitter. In the 12th, Koufax struck out Tim McCarver for the 1,400th strikeout of his career.

The triumph, the Dodgers seventh in a row and sixth straight against the Cardinals, also dropped defending champion San Francisco another length back. The Giants fell 8½ behind, losing their fifth in a row, 6-2 to Milwaukee as Eddie Mathews hit two homers for the Braves.

Elsewhere, Houston's Don Nottebart, who allowed a run when he pitched a no-hitter against Philadelphia May 17, posted his first shutout with a four-hit, 1-0 victory over Cincinnati, and Jerry Lynch set a major league record with his 15th pinch-hit homer, a ninth-inning shot that gave Pittsburgh a 7-6 decision over the Chicago Cubs.

The New York Mets and Philadelphia were rained out.

The American League-leading New York Yankees swept a twin-batter from Cleveland by identical 3-1 scores, the Chicago White Sox belted Boston 7-1, Minnesota walloped Detroit 12-1, Washington defeated Kansas City 5-1 and the Los Angeles Angels edged Baltimore 3-2 after the Orioles won the opener of a twin-batter 7-4.

The Dodgers scored first, getting a run in the third on a double by Jim Gilliam and Frank Howard's single, but the Cardinals got even in the sixth when Ken Boyer singled and eventually came across on Julian Javier's ground-er. It stayed at 1-1 until the 16th when, with two out, McMullen bounced a ground rule double over the center field fence and Roseboro followed with his clincher. Larry Sherry 2-4 was the winner, with Ron Taylor, 7-5, taking the loss.

## Bisons Down Travelers, Go Into 2nd

BUFFALO, N.Y. (AP) — The Buffalo Bisons downed Arkansas 6-4 Wednesday night to jump into second place in the International baseball league's northern division.

The victory put Arkansas in third place in the southern division, 5½ games out.

Ed Kranepool and Larry Burright sparked the Bisons' victory. Kranepool slammed a home run with two men on in the fifth to cap a four-run rally that put Buffalo ahead 4-2. Burright rapped a two-out double in the seventh to bring in the decisive tallies.

In other league play, Atlanta defeated Indianapolis 7-3 to take first place in the southern division. Toronto downed Syracuse 3-0. Columbus whipped Jacksonville 4-3 in an afternoon game but lost the nightcap 2-0 and Richmond beat Rochester 4-3 and 8-3. Indianapolis was relegated to second place in the southern division.

The Travelers battled hard, pounding winner Duane Richards and Ray Davault for 12 hits, including three home runs, but the Bisons engineered three double plays to hold down Arkansas scoring.

## Pepitone Hit Twice, Starts Free for All

By MIKE RATHET

Associated Press Sports Writer

"When I played ball, the only guys we threw at were .300 hitters," Cleveland Manager Birdie Tebbetts said wryly. "Hell, the Yankees haven't got any."

Joe Pepitone is hitting .275. Umpire Tom DiMuro figures that's good enough to get thrown at.

Either way you look at it, for three minutes an explosive situation rocked Yankee Stadium Wednesday night at the tail end of the New York Yankees' doubleheader sweep over Cleveland by identical 3-1 scores.

Pepitone, who punched out four hits in the doubleheader, wound up throwing 'em after he was hit by a pitch for the second time in the eighth inning of the second game. He was hit on the wrist by Barry Latham in the third, then

nicked by Gary Bell.

He started toward the mound and was restrained by Umpire DiMuro, who told Bell he was being fined \$50 for throwing a beanball.

Pepitone then jogged to first, turned and started again toward the mound. He was grabbed by first baseman Fred Whitfield and, within seconds, players were flailing away all over the field.

"All the balls I saw thrown were low," said Tebbetts, "except the ones they (Stan Williams) were throwing."

"I'm not mad at anybody," said Pepitone. "After I was hit the second time I yelled at Bell, he yelled at me and pretty soon we were calling each other names. I just got upset and headed for him."

"I wasn't trying to hit him," said Bell, "and I'm not mad at him. But one word led to another."

It also led to Pepitone's ejection and four casualties — Cleveland infielders Larry Brown and Dick Howser, who suffered leg cuts, and managers Tebbetts and Ralph Houk of the Yankees, who were acting as peacemakers.

Houk suffered a muscle pull in his right thigh and Tebbetts was stepped on and spiked by Pepitone, he said.

The twin victories increased the Yankees' American League lead to 10 games over the Chicago White Sox, who whipped Boston 7-1 as Gary Peters posted his ninth consecutive victory with a six-hitter.

Minnesota walloped Detroit 12-1. Washington took Kansas City 5-1, and Baltimore and the Los Angeles Angels split. The Orioles won 7-3 as Steve Barber became the AL's biggest winner with 18 victories and the Angels took the nightcap 3-2.

The National League - leading Los Angeles Dodgers defeated second-place St. Louis 2-1 in 16 innings, Milwaukee knocked off San Francisco 6-2, Houston shut out Cincinnati 1-0 and Pittsburgh edged the Chicago Cubs 7-6. The New York Mets and Philadelphia were rained out.

Pepitone drove in the decisive runs for the Yankees in the nightcap with a two-run double off loser Latham in the first inning, and Williams, 7-3, protected the lead all the way by keeping eight Indian hits well spaced. Tom Tresh stroked two doubles in the opener, scoring the first Yankee run and driving in the other two, in support of Al Downing's three-hit pitching. Downing is 9-4.

Peters, a rookie left-hander, brought his record to 14-5 and extended a string of scoreless innings to 25 before the Red Sox scored in the ninth on singles by Frank Matzone, Ed Bressoud and Bob Tillman. Peters got batting support from rookie teammate Pete Ward, who hit his 17th home

run in the eighth inning of the first game.

St. Louis' Bob Gibson pitched a 10-inning shutout against the Cardinals' pitcher, who was hit by a pitch in the eighth inning.

## Imports Up But Dollars Stay Abroad

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—Uncle Sam continues to push his exports well above his imports but also sends an increasingly larger number of dollars abroad than he gets back. So foreigners' holdings of dollar claims against him have gone up again—as anticipated. How to stop it is a more critical question today than six months ago.

Some call it the No. 1 economic problem in foreign affairs, just as unemployment remains the No. 1 domestic economic sore spot.

Despite all attempts by the U.S. government to halt the drain, the deficit between the number of dollars the United States is spending abroad as the number it gets back is running well above this time last year, or the first of this year.

This is in spite of a favorable balance of trade—excess of commercial exports over imports—in the first six months of 1963 of about \$5 billion, when figured on an annual basis.

Our exports were at an annual rate of \$21.5 billion and our im-

ports \$16.6 billion. That wasn't enough to balance our books with the rest of the world.

That \$5 billion surplus of exports over imports more than disappears when you add in U.S. spending abroad for foreign aid in grants or loans, for its military forces, private travel, and private investment and bank loans.

Americans have been buying increasing amounts of foreign securities, for one thing. The Commerce Department says about \$1 billion of these were sold here in the first half of this year.

This would be almost as much as sold in all of 1962 and almost twice as much as in 1961 or in 1960.

The department announced these figures earlier than had been expected, its report on the first half of the year usually coming later in August.

The announcement was on the eve of congressional hearings into an administration proposal to tax the purchase of foreign securities by Americans, if bought from foreigners and thus piling still higher the amount of dollars held abroad.

One county, Lovely, was created in 1827, and abolished the next year. Its territory was lost in making the Cherokee treaty of 1828.

### Barbecued Hamburgers

Any time of year, nothing beats old fashioned broiled hamburgers. Serve them as a meal, with potatoes and salad or green vegetable; or serve them picnic style, on toasted bread or buns. For wonderful flavor, brush hamburgers with this sauce before broiling.

**BARBECUE SAUCE**  
(Makes 1 1/2 cups)  
1 cup butter  
1 tsp. dry mustard  
1 tsp. salt  
1 tsp. paprika  
1 clove of garlic peeled and mashed  
1 tbsp. sugar  
2 tbsp. lemon juice  
1/2 cup chopped onion  
2 tbsp. Lea & Perrins Worcestershire sauce  
1 tbsp. catsup  
2 tbsp. vinegar  
Few drops hot pepper sauce.

Beat together the butter, mustard, salt, paprika, garlic, sugar, and lemon juice. Then beat in remaining ingredients. (May be stored in a covered jar in the refrigerator.)

Hamburgers may be broiled under your broiler, or they may be pan-broiled on top of the stove. To pan-broil, put a tablespoon of butter and a tablespoon of oil in a skillet. Have the pan hot, put the hamburgers in and sear the meat quickly on both sides over high heat. Turn heat down and cook, turning the meat once more, until hamburgers are cooked to your liking.

## U.S. Doesn't Know Aim of Russia

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—The United States is walking softly and a little self-consciously, like a soldier in gym shoes. It doesn't know whether it is entering a new era with the Soviet Union.

For 18 years it talked of wanting some atom controls. Now the Soviets have agreed to a nuclear test ban forbidding all tests except those underground.

Last week the United States and the Soviet Union agreed to cooperate in space projects involving weather and communications satellites.

They have agreed on a "hot line" link between Washington and Moscow.

That agreement provides for direct communication between the two capitals as one means of preventing an outbreak of war by accident.

Secretary of State Dean Rusk indicated last Friday a next step might be agreement with the Soviets on safeguards against surprise attack.

All this could mean the two countries finally have learned to be a little more sensible with each other and will try to be even more so.

But there can be no treaty without Senate approval.

Questions raised by senators not only show they doubt Moscow intends to keep the treaty but have misgivings about Soviet intentions to agree to it at all.

Kennedy administration officials, one after the other, assured the Senate they weren't taking anything for granted, either.

They explained they wouldn't be caught napping if the Soviets tried any nuclear tricks.

Yet, this country is in an extremely self-conscious position on the treaty and the Senate is expected to approve overwhelmingly.

The United States, besides long urging some such agreement, for three years, starting in 1958, refrained voluntarily from atmospheric tests without agreement.

This made the Soviets self-conscious and they also refrained for three years. Then they suddenly began again.

The United States did, too.

Both now promise to give each

### Forestry Crown to DeQueen Girl

DE QUEEN, Ark. (AP)—Judy Stephens, 18, daughter of Mr. and Mrs. Robert Stephens of De Queen, was crowned Southwest District Forest Queen in a pageant Tuesday night.

Her father is superintendent of schools in De Queen.

Judy has hazel eyes and brown hair. She graduated from De Queen High School last spring. She plans to attend Hendrix College in Conway and major in foreign languages.

Runnerup was Anita Anthony of Murfreesboro, 17, daughter of Mr. and Mrs. C. E. Anthony.

at Bull Shoals Park woke up the other night and saw a skunk about two feet from his nose.

He had presence of mind to remain quiet until the animal went away.

One child was feeding chunks of bread to hundreds of tiny perch swimming in clear, shallow water just off the bank of Lake Catherine this weekend. Another bright youngster watching the proceeding, neatly fixed a piece of the bread on a hook and started angling in earnest—in vain.

## Some Facts of Life in Arkansas

By J. C. TILLMAN  
Associated Press Staff Writer

Susan Elena Walden—at the age of seven months—may have set a record for traveling.

She was born in Chateauroux, France, where her father was stationed with the Army. In April she visited Germany, Holland and Belgium, then spent a couple of days with her family in Paris.

A plane ride back to the U.S. included layovers in Scotland and Newfoundland, then the trip from New York to Jonesboro, where her parents, CWO and Mrs. Robert B. Walden, formerly lived took her through New Jersey, Pennsylvania, West Virginia, Ohio, Kentucky, Illinois, Missouri and Arkansas.

While in Jonesboro the family took a side trip to El Paso, Tex., adding Mexico and Texas to her itinerary. Then her father was sent to Redstone Arsenal, Ala. and she traveled through three more states—Tennessee, Mississippi and Alabama.

A thief at Texarkana has pulled a switch in train robbery methods.

Instead of stopping the train, western style, and demanding passengers turn over their belongings, he waited until the train halted—then quietly sneaked through the aisles and picked up purses.

Police said one woman lost \$80 another \$160 and a third \$24 in the 3:30 a.m. thefts.

Also in Texarkana, this bit of by-play overheard in a restaurant: As the family finished dinner, the father called the waitress over and asked that the considerable amount of steak left on the plates by put in a bag to take home for the dog.

"Oh, Daddy!" exclaimed Junior in delight. "Are we going to get a dog?"

A retired Oklahoman camping

### Coffee Parfait And Perfect Coffee

The French have a perfect word for "perfect." It's "parfait" of course—a cool dessert that is indeed perfection.

The original parfait was Cafe Parfait and here is a variation on that theme—Coffee Tapioca Parfait. Layers of sweet tapioca mixture alternate with whipped cream and chocolate syrup in slim glasses. Of course, you'll want to complement its mellow flavor with the hot, freshly-brewed coffee you serve with it. Just be sure the coffee is "perfect," too!

**Coffee Tapioca Parfait**  
1 egg, separated  
5 tablespoons sugar, divided  
2 cups coffee beverage  
3 tablespoons quick-cooking tapioca  
1/2 teaspoon salt  
1/2 teaspoon vanilla  
1 cup heavy cream, whipped  
Chocolate syrup  
Chopped walnuts

Beat egg white until foamy. Add 2 tbsp. sugar, singly, beating until mixture forms soft peaks. Set aside. Combine egg yolk with 1/4 cup coffee in saucepan. Add tapioca, salt, remaining coffee and sugar. Stir over medium heat until mixture comes to full boil (5 to 8 minutes). Remove from heat, pour small amount on egg white mixture and blend well. Quickly stir in remaining tapioca mixture. Add vanilla. Cool; stir once after 15 minutes. Chill. Spoon alternate layers of tapioca mixture, whipped cream and chocolate syrup into parfait glasses. Top with whipped cream and chopped walnuts. Makes 6 to 8 servings.

## Why is Borden's *the* milk for children?

**Borden's HOMOGENIZED MILK**

**Borden's HOMOGENIZED Milk**

GRADE A PASTEURIZED VITAMIN D

Each Quart Contains 400 U.S.P. Units of Vitamin D from Irradiated Ergosterol

**BORDEN'S MILK STAYS SWEET AND FRESH ON 100° DAYS**

Sizzling summer days put the flavor of milk to a severe test. Every batch of Borden's Milk received from the farm is tested to make sure that it was refrigerated immediately after milking. It is scientifically checked in the laboratory. It is personally taste tested by an expert. Regular tests for keeping quality are conducted in our laboratory. We want to make sure that our best customers... your children... get milk that is always sweet and good, even on the hottest days.

Now, the new plastic-coated half-gallon carton is virtually leakproof. It is easy to open with a flexible spout that controls pouring.

# Thinks U.S. Must Reform to Exist

By AL LANIER

COLUMBIA, S.C. (AP)—At 84, Jimmy Byrnes is still the jaunty, keen-eyed man seen in the newsreels with world leaders in the fateful years of the 1940s.

With upright figure and hat cocked at a rakish angle, he retains the jovial manner that won him friends in many places around the world. But James F. Byrnes has serious concerns about the post-war world he helped fashion.

"The United Nations must be reformed if it is to exist," says the man who signed the United Nations Charter for the United States.

"Every important agreement we made with the Soviets was violated by them when they decided it was in their interest," warns Byrnes, who negotiated with them as U.S. secretary of state.

During World War II, Byrnes was director of war mobilization and was dubbed "the assistant president."

He served from 1945 to 1947 as secretary of state under President Harry S. Truman. After more than 30 years of high-ranking federal service, beginning as U.S. senator, Byrnes came home to South Carolina and served as governor from 1950 to 1954.

Today, the Byrnes live in a fashionable but unpretentious Columbia home. He visits his downtown law office regularly. But most of his time—and money—are devoted to the James F. Byrnes Foundation, which provides college scholarships to orphans.

"I don't accept employment of any kind," Byrnes said in a recent interview. "I'll make a speech on a public question I'm interested in, when I feel like it."

To meet the financial demands of the college awards, Byrnes has turned over to the foundation "every dollar" he ever made from his books, articles and speeches. The retirement money he gets from the federal government also is funneled into it, and recently his beach house at the Isle of Palms near Charleston was sold for \$29,000 to keep the awards program operating.

"We've used about all I feel I can spare from my savings," said Byrnes. "But whatever we can get along without, I'll give."

The foundation was started in 1948 with \$50,000 Byrnes received from the New York Herald Tribune for the newspaper rights to his book "Speaking Frankly." About \$40,000 in royalties from the book also went into the program which provides \$500 a year for four years for each recipient. The money is an outright grant, not a loan to be paid back.

"Since 1948, the grants have gone to 255 young people and all but five have turned out to be college material," Byrnes said proudly.

"You know, I think orphans have an advantage over the rich boy who has no incentive," he added. "There is such a thing as an aristocracy of character, brains and energy."

Most of the grants have been made to white orphans, but several Negroes have received them, including two who have become doctors and one now in the ministry.

Keenly interested in foreign affairs, Byrnes is critical of the Kennedy administration's handling of the Cuban situation.

He also opposes many aspects of the administration's racial policies.

About a year ago, Byrnes gave up golf and concentrates on fishing. Firmly convinced that fish bite best about daybreak, it is not unusual for Byrnes, his wife and their Negro chauffeur, Willie Byrd, to leave home at 5 a.m. and head for a pond.

Byrnes married his wife, Maude, 57 years ago on his birthday, May 2. Willie Byrd and Miss Cassie Connor, his secretary, joined the Byrnes' menage many years ago and are indispensable.

Although once considered the likely Democratic successor at the White House, Byrnes hasn't voted for the Democratic national ticket in the past three elections. He voted for Republican presidential candidates Dwight D. Eisenhower and Richard M. Nixon in 1952 and 1956, and for Sen. Harry Byrd, D-Va., on an independent electors

# Fried Scallops the Oriental Way

Fried Scallops are always a specialty at the annual Scallop Festival held each year at New Bedford, Massachusetts. Here the Scallops are given an oriental touch—batter dipped and fried with a variety of vegetables.

## Scallop Tempura

1 1/2 pounds sea scallops, fresh or frozen  
1 pound shrimp, fresh or frozen  
1/2 pound string beans  
1 small head cauliflower  
2 or 3 summer squash  
2 or 3 zucchini

Flour, for dusting  
Tempura batter, for dipping  
Mazola oil, for frying

Thaw scallops and shrimp if frozen. Remove shell particles from scallops; wash and drain. Remove shells and de vein shrimp. Separate cauliflower into flowerets. Slice summer squash and zucchini. Dust scallops and shrimp lightly with

flour. Pour corn oil into fry pan or sturdy flat bottomed kettle, filling utensil 1/2 full. Heat over medium heat to 375 degrees F. or until a 1-inch cube of bread browns in about 40 seconds. Dip vegetables and prepared scallops and shrimp into Tempura Batter and place in hot fat. Fry food, turning as needed, until tender, 1 to 2 minutes. Drain on absorbent paper. Serve hot. Makes 6 to 8 servings.

Tempura Batter: Sift 3/4 cup flour and 1/4 cup corn starch together into bowl. Stir in 1 cup water and 1 egg. Beat with rotary beater or wire whisk until smooth and frothy.

# Indian Summer Innovation

THE first fall days call for a fresh new look, no matter what the weather — and Indian Summer is almost certain to be hot. Being fashion right and still comfortable is possible with "buy now, wear now" lightweight clothes with an autumnal look. Howard Wolf has used a cool fabric of "Dacron" polyester and rayon to create this trim, slim "Now Look" town dress, with long sleeves and round collar, topped with a corduroy jerkin to add the sportive touch.

# Printing Bids to Be Accepted

LITTLE ROCK (AP) — Bid specifications on state printing and supplies worth some \$2 million over a period of two years will be available in the office of Secretary of State Kelly Bryant Wednesday.

Bryant said Tuesday the bids on the 69 contracts covering printing, binding, stationery and supplies will be received until 11 a.m., Sept. 20, at which time they will be opened.

Bryant scheduled the bids for opening in June, but the opening was postponed when State Auditor Jimmie Jones, a member of the State Printing Board, objected to specifications in 14 contracts.

Bryant indicated that Jones had not seen the new specifications.

ballot in 1956.

The Democrats won't get the Byrnes' vote in 1964, either. The Republicans probably will, but may not if Gov. Nelson A. Rockefeller is the nominee.

"If Mr. Rockefeller is nominated, I may just decide it's better to go out and commune with the bass on election day," declared Byrnes.

# The President More Chic and Colorful

By BOB THOMAS

AP Movie-Television Writer HOLLYWOOD (AP)—The corporation president arrived for the annual stockholders meeting in a pink golf cart.

Her hair was an orange glow and she wore a dress that was flowered in violet and magenta. No doubt about it, Lucille Ball is more chic, and more colorful, than most corporation presidents.

The president of Desilu posed prettily for the photographers, then strode to the stage, followed by eight male officers of the company.

Lucille slipped on her glasses and began reading the president's report.

Business was good. Desilu had three television series going, 10 renters, plus movie tenants. The first 13 weeks of the new fiscal year showed a 44 per cent increase in net income. Production was at 90 per cent capacity.

Miss Ball read answers to expected questions.

Why isn't the stock price higher? That's up to the market. What happened to oil drilling? A slanted drilling had produced, but "the one well bottomed on our property was dry—hmm hmm." How many workers did Desilu have? Basically, 180; full production, 1,600.

Then she replied to questions submitted in writing by stockholders.

Miss Ball's predecessor and onetime husband, Desi Arnaz, he resigned last November, marking the end of a professional association that flowered with the most successful television series of all time, "I Love Lucy."

Miss Ball, as Desilu's foremost asset, was the logical choice to succeed him.

There being no further business, stockholders were invited to see a "Lucy" showed dubbed in Japanese.

States," said Maj. Gen. William H. Harrison Jr., president of the National Guard Association.

Harrison said the federal government had failed to give adequate support to the Army Guard. He cited a proposed reduction of \$4 million in the \$12 million budgeted last year for Army school training of Guard officers and men.

The Southern Governors Conference Tuesday blocked a civil rights fight by deciding that any resolution would need a unanimous vote for adoption.

Gov. George C. Wallace of Alabama had prepared four resolutions criticizing the civil rights policies of President Kennedy, but he joined in approving the rule. Wallace said he liked the rule because it would give any state a veto of objectionable resolutions.

Wallace said he would submit his resolutions to the conference today and speak against the Kennedy administration.

Secretary of the Army Cyrus R. Vance told the governors Tuesday night the United States has the edge on the Soviet Union in nuclear striking force.

He said a myth of overwhelming Communist superiority has grown up in the United States.

The secretary said he did not minimize the threat or capability of the Communists "but I do hold that we face an adversary with human failibilities, not an unstoppable horde."

People in Arkansas up to 1880, had no running water in their homes. In 1880, a city water system was first provided in Little Rock.

# GALA BLUEBERRY PIE

Elegant looking and elegant tasting is this excellent Gala Blueberry Pie. It is a perfect ending for any celebration... formal or otherwise. Make it early — then at serving time, bring it to the table uncut. If you serve it with scoops of ice cream, prepare these ahead and freeze them... put them in a glass bowl and put this bowl into another larger bowl filled with ice cubes. Serve at table.

For the less formal dinner, try garlic-broiled chicken, baked potatoes with melted cheese... and a bright salad of sliced pickled beets, onion slices, ripe olives, garnished with sliced egg yolks, and served with a dressing. Serve plenty of iced, or hot, coffee with the pie.

Gala Blueberry Pie  
1 package (3 oz.) black raspberry or black cherry flavor gelatin  
1 cup boiling water  
1 cup cold water  
1/2 teaspoon almond flavoring  
1 pint fresh cultivated blueberries  
1 baked 9-inch pie shell  
Vanilla ice cream or Sweetened whipped cream

Dissolve gelatin in boiling water. Add cold water and almond extract. Chill until slightly thickened. Fold in blueberries. Spoon into pie shell. Chill until firm. Serve with a scoop of vanilla ice cream, or whipped cream.

# Competition Forces Steel Price Cut

By ROGER LANE

AP Business News Writer NEW YORK (AP) — In recent

## Camden Girl Named

BATESVILLE, Ark. (AP) — Jane Ellen Miller, 18, of Camden, was named Queen White River Saturday night during the 20th annual White River Carnival at Batesville. The brown-eyed brunette is five feet 4 1/2 inches tall, weighs 112 pounds and measures 36-24-36.

days U.S. steel producers cut prices on polished stainless steel sheets used to make kitchen utensils, appliances and many other familiar items.

The reason: competition from stainless steel rolled in Japan and Europe and sold for less in the United States.

The incident is symptomatic of problems that have beset the \$16-billion domestic steel industry, driving down production, shrinking profits and drying up jobs.

It reflects a worldwide upheaval in steel production and distribution patterns that has turned the United States from an exporter of steel to a net importer.

Cutting prices hasn't stemmed the tide of some imports, espe-

cially wire products, pipe and tubing, reinforcing bars and some types of sheet and strip.

American steelmen say some foreign producers are "dumping" steel on the U.S. market, selling it at prices lower than those charged in the country of origin.

Roger Blough, chairman of the board of U.S. Steel Corp., the nation's No. 1 producer, and David J. McDonald, president of the AFL-CIO United Steelworkers asked President Kennedy on Tuesday to do something about the dumping.

After a White House meeting, Blough told newsmen Kennedy had agreed to look into the matter. He said he and McDonald didn't suggest specific action.

Blough said he considers a

heavy percentage of the 4.3 million tons of foreign steel sold in the United States last year to have been dumped on the market.

American steel exports exceeded imports an average of 2.7 million tons annually in the five years ended in 1958.

In each of the four years ended with 1962, the balance went the other way and the trend is continuing. The country bought 4.1 million tons of foreign steel in 1962 against 2 million tons sold abroad, for an average balance of 2.1 million tons.

Some steel executives estimate that restoration of the export-import relationship of the middle 1950s would result in 30,000 more jobs in the domestic steel industry.

GUARANTEED or Your Money Back

TRY THIS 3-Step Plan FROM UNCLE SAM Laxative CEREAL

HERE'S ALL YOU DO...  
1. Get 2 packages of this delicious blend of toasted whole wheat flakes and toasted whole flaxseed at your grocer's.  
2. Eat 2 servings a day — at breakfast, lunch or bedtime. Include ample liquids in your daily diet.  
3. Finish both packages. You'll receive welcome aid... or your money back.

Start this easy 3-step plan now. If not completely satisfied, just send tops from both wrappers to Uncle Sam Breakfast Food Co., Omaha, for your refund.

## Beef Roast, Pork Star at Markets

Hearty beef roasts and pork cuts play the starring roles among special offerings by supermarkets and neighborhood stores this weekend.

Meat is in abundant supply and is reasonably priced.

This also is the season for some particularly good buys in fruits and vegetables.

Beef roasts, steaks and ground beef are among the best offerings at the red meat counters. Loin roast is the best bet in pork.

Broiler-fryers, turkeys, canned tuna, scallops and eggs round out the best buys in protein foods.

One big supermarket chain offers rib roasts at 53 cents a pound, down 16 cents from last week. Pork chops, at 79 cents a pound, are 20 cents lower than a week ago. Fryers are off 4 cents at 35-39.

The same chain reported the price of eggs down 2 to 4 cents a dozen.

Vegetable offerings are plentiful. Best buys are cabbage, corn, cucumbers and peppers. Other good buys include green beans, topped carrots, celery, eggplant, lettuce, green and dry onions, radishes, sweet potatoes, tomatoes and potatoes.

Best buys among fruits include bananas, honeydew melons, peaches, plums and watermelons. Grapes and cantaloupes are special bargains.

## Probe Asked of Gas Price War

LITTLE ROCK (AP)—The Arkansas Oil Marketers Association asked Prosecutor Lyman Mikel of Fort Smith Tuesday to investigate what it called recurring gasoline price wars in Fort Smith and Van Buren.

B. B. Cook of Little Rock, secretary of the statewide association, wrote Mikel that he understood that gasoline, exclusive of federal and state taxes, is being sold below cost in Van Buren and Fort Smith.

He said this is a violation of Arkansas Unfair Practices Act. He asked that an investigation be made and proper action be taken.

## Delay in Naming L. R. Police Chief

LITTLE ROCK (AP)—A new Little Rock Police chief probably will not be named until a Civil Service hearing is held on the dismissal Monday of R. E. Glasscock from that post, City Manager Ancil Douthett said Tuesday.

Capt. R. E. Brians, senior officer in the service division of the Little Rock police, was named officer in charge by Douthett, and appointed men to fill vacant posts.

Glasscock's attorney has said the dismissal of the chief would be appealed.

1930 was one of the peak years for immigration to Arkansas.

## Couple Sues for U.S. Damages

LITTLE ROCK (AP)—A White County couple has sued the federal government for \$3,842 because, they said, construction of a missile site disturbed their cows and milk production fell off.

Mr. and Mrs. Wayne Thacker said they lost \$3,000 because their cattle were disturbed by a water shortage caused by construction of the site near their farm, and by explosions that "cut" an underground stream.

The other \$842 is for damage they said the government did to their property, hauling heavy equipment to the missile site.

The suit was filed in U.S. District Court Thursday. The missile site is one of 18 in a Titan II missile complex in central Arkansas.

"What is the advantage of putting it over until next year? We have other problems. We have an election year. There are a good

many excuses next year to get out of town," he said.

Congressional action is expected this year on civil rights. But Republican congressional leaders and some top Democrats have questioned whether there will be action this session on Kennedy's broad tax program.

The President told his news conference his civil rights program represents "a response to a very serious national crisis."

And he described tax reduction as "a matter that affects employment, jobs, our economic prospects, the struggle against a recession."

He said the present state of the economy, which he tabbed as good, "is predicated in part upon a possible tax cut."

Kennedy noted that he had asked for tax reduction last January. He said a year ought to be enough time for Congress to act on it.

Democratic leaders have said they hope to bring the measure before the House after Labor Day. However, Senate action may be delayed by an expected filibuster over civil rights. The Senate ap-

parently is going to wait for the House to act first on the issue.

The President said racial discrimination was a matter with which 180 million people had elected Congress and him to deal. He said the issue isn't going to stand or fall on the Aug. 28 march on Washington.

He described the march as aimed at bringing into focus the "strong concern of a good many citizens" about racial relations. He said that he would meet with leaders of the demonstration.

Did he get what he wanted? "Yes," he says firmly, "I am

free now. I enjoy being out of East Germany and I wouldn't dream of going back unless the Communists go."

Schumann, 21 now and a father, works as a laborer at a bottling plant.

He was one of the first East German guards to defect after the Communists closed the 28-mile border cutting through the city. Schumann fled to West Berlin at 4 p.m. Aug. 16, 1961.

He says listening to West German radio stations and RIAS, the American radio station for Germans in Berlin, gave him an idea what life might be like in the West.

"When the Communists closed the border," Schumann recalls, "I decided to flee."

"That day I had gone on guard duty at 2 p.m. A group of West Berlin youths stood near the fence strung across the street. They shouted 'Come over, man. Come over.'"

"Then, I saw West Berlin police bring up a small Volkswagen truck and put it up in such a position that the open rear door was facing the barbed wire. One of the police motioned with his hand to indicate 'Jump in.' I nodded, quietly, so that nobody in the East would notice."

In a few strides, Schumann reached the fence, jumped over it and dashed toward the police truck. He jumped in, police closed the rear door and off the car roared.

West Berlin police handed Schumann over to military authorities of Berlin's French sector. They, in turn, passed him on to the Americans, who flew him to West Germany. At a refugee camp officials got him employment in a sanatorium at Gueznburg, near Ulm, in southern Germany. He met a nurse who became his wife.

With his wife and their 11-month-old son, Erich, Schumann lives in a three-room apartment. From his earnings of 500 marks—\$125—a month the family has saved enough to buy furniture, a radio and television set. He hopes to buy a car soon.

Did he get what he wanted? "Yes," he says firmly, "I am

free now. I enjoy being out of East Germany and I wouldn't dream of going back unless the Communists go."

Schumann, 21 now and a father, works as a laborer at a bottling plant.

He was one of the first East German guards to defect after the Communists closed the 28-mile border cutting through the city. Schumann fled to West Berlin at 4 p.m. Aug. 16, 1961.

He says listening to West German radio stations and RIAS, the American radio station for Germans in Berlin, gave him an idea what life might be like in the West.

"When the Communists closed the border," Schumann recalls, "I decided to flee."

## Cites Rights, Tax Bills as Very Vital

By JACK BELL

WASHINGTON (AP)—President Kennedy says his "very vital" civil rights and tax programs are too important to be pushed aside by Congress until 1964. He wants votes on both this year regardless of how long it takes.

"And I think most congressmen will agree that they should meet their responsibilities" in these two fields before they go home, Kennedy told a news conference Tuesday.

In reply to a question, Kennedy said he saw no reason Congress couldn't be kept in session long enough to act on his civil rights and tax programs.

"What is the advantage of putting it over until next year? We have other problems. We have an election year. There are a good

many excuses next year to get out of town," he said.

Congressional action is expected this year on civil rights. But Republican congressional leaders and some top Democrats have questioned whether there will be action this session on Kennedy's broad tax program.

The President told his news conference his civil rights program represents "a response to a very serious national crisis."

And he described tax reduction as "a matter that affects employment, jobs, our economic prospects, the struggle against a recession."

He said the present state of the economy, which he tabbed as good, "is predicated in part upon a possible tax cut."

Kennedy noted that he had asked for tax reduction last January. He said a year ought to be enough time for Congress to act on it.

Democratic leaders have said they hope to bring the measure before the House after Labor Day. However, Senate action may be delayed by an expected filibuster over civil rights. The Senate ap-

parently is going to wait for the House to act first on the issue.

The President said racial discrimination was a matter with which 180 million people had elected Congress and him to deal. He said the issue isn't going to stand or fall on the Aug. 28 march on Washington.

He described the march as aimed at bringing into focus the "strong concern of a good many citizens" about racial relations. He said that he would meet with leaders of the demonstration.

Did he get what he wanted? "Yes," he says firmly, "I am

free now. I enjoy being out of East Germany and I wouldn't dream of going back unless the Communists go."

Schumann, 21 now and a father, works as a laborer at a bottling plant.

He was one of the first East German guards to defect after the Communists closed the 28-mile border cutting through the city. Schumann fled to West Berlin at 4 p.m. Aug. 16, 1961.

He says listening to West German radio stations and RIAS, the American radio station for Germans in Berlin, gave him an idea what life might be like in the West.

"When the Communists closed the border," Schumann recalls, "I decided to flee."

"That day I had gone on guard duty at 2 p.m. A group of West Berlin youths stood near the fence strung across the street. They shouted 'Come over, man. Come over.'"

"Then, I saw West Berlin police bring up a small Volkswagen truck and put it up in such a position that the open rear door was facing the barbed wire. One of the police motioned with his hand to indicate 'Jump in.' I nodded, quietly, so that nobody in the East would notice."

In a few strides, Schumann reached the fence, jumped over it and dashed toward the police truck. He jumped in, police closed the rear door and off the car roared.

West Berlin police handed Schumann over to military authorities of Berlin's French sector. They, in turn, passed him on to the Americans, who flew him to West Germany. At a refugee camp officials got him employment in a sanatorium at Gueznburg, near Ulm, in southern Germany. He met a nurse who became his wife.

With his wife and their 11-month-old son, Erich, Schumann lives in a three-room apartment. From his earnings of 500 marks—\$125—a month the family has saved enough to buy furniture, a radio and television set. He hopes to buy a car soon.

Did he get what he wanted? "Yes," he says firmly, "I am

free now. I enjoy being out of East Germany and I wouldn't dream of going back unless the Communists go."

## Mock Model to Test Equipment

CAPE CANAVERAL, Fla. (AP)—A mockup model of the Gemini spacecraft is being used to test ground support equipment for the United States' next man-in-space project.

The model, nicknamed the "Iron Bird," was shipped here last week from McDonnell Aircraft Corp., St. Louis, builder of the Gemini craft.

It is going to wait for the House to act first on the issue.

The President said racial discrimination was a matter with which 180 million people had elected Congress and him to deal. He said the issue isn't going to stand or fall on the Aug. 28 march on Washington.

## Leaping Wall Brought This One Freedom

By JOHN FIEMM

KRUMBACH, Germany (AP)—Freedom was all Conrad Schumann wanted when he leaped from East to West Berlin over freshly strung barbed wire two years ago.

A picture of Schumann leaping the fence in the uniform of an East German border guard was printed on front pages. For many it became a symbol of daring to surmount any obstacle in the quest for a life of one's own choosing.

The photograph of Schumann was snapped by Peter Leibing of Contipress, Hamburg, and distributed by The Associated Press. It won prizes and press awards.

The prize Schumann got was freedom.

Did he get what he wanted? "Yes," he says firmly, "I am

free now. I enjoy being out of East Germany and I wouldn't dream of going back unless the Communists go."

## Atheists Have Contributed to Religion

By GEORGE W. CORNELL  
Associated Press Religion Writer

Thanks be to God, the Christian scholar said, for the blessings bestowed on the faith by those two atheists, Karl Marx and Sigmund Freud.

It may sound strange for the world's two most noted disbelievers to be cited as sources of value to religion.

Yet among many theologians and philosophers, the thesis often is expressed.

They maintain that Marx, founder of communism, and Freud, founder of psychoanalysis, have contributed stimuli and insights to Judeo-Christianity that were neglected.

A long-standing church concept holds that God frequently may work through antireligious forces and individuals to correct, lead and strengthen the church.

It was at the Anglican World Congress in Toronto, Canada, this month that a British churchman, Canon Max Warren, stressed that divine guidance may come from outside the Christian fold—from other religions, science, and even atheists.

Christian concern for social righteousness "owes not a little, under God, to the stimulus of Karl Marx," he said.

He said the church also owes thanks to God "for His grace at work in Sigmund Freud," in bringing the light of psychiatry to bear on the healing of men's spirits—their personalities.

Both Marx and Freud spurned religion as wishful thinking. Marx saw it as a kind of mass tranquilizer to obscure the exploitation of common people.

Freud considered it a kind of obsessional neurosis, brought on by desire for paradise beyond the difficulties and death of earthly existence.

Nevertheless, the psychoanalytic procedures he developed are widely credited with deepening understanding of Christ's teachings, and aiding in their application.

Theologian Paul Tillich says that Freud's approach of accepting, rather than condemning, the guilt-ridden was the very heart of Christ's gospel of forgiveness—the "acceptance of the unacceptable."

As for Marx, the idea of ties between his influence and Christianity is a matter of frequent analysis in academic circles.

In the current issue of *Jubilee*, a national Roman Catholic monthly, British Catholic philosopher R. C. Zaehner says that "Marxism is not old enough yet to realize that it has no essential quarrel with religion."

## Straight "A" For Simplicity

THIS jolly jiffy jumper, worn with shirts and sweaters, makes school days smooth sailing and doubles for a dazzling date dress when worn alone. Two main pattern pieces create the A-line and one long 22" Talon Zephyr (the nylon coil zipper) is used to "hold that line." A jiffy to sew up, press and zip on. Remember... it's Simplicity pattern #5052. Reminder... always use a press cloth when ironing or pressing zipper area.

## Washington March Laid to Moscow

NORTH LITTLE ROCK (AP)—Atty. Gen. Bruce Bennett said Tuesday the civil rights march on Washington planned for Aug. 28 was "inspired and is being directed from Moscow."

Bennett told a North Little Rock civic club he predicted 200,000 to 300,000 "leftists, agitators, rabble-rousers, Communists and Communist dupes" would participate in the march.

## Wants Those Bad Faces Stopped

LOS ANGELES (AP)—Actor Jacques Bergerac wants his estranged wife, actress Dorothy Malone, cited for contempt of court because, he says, she makes faces at him when he visits their two daughters.

Bergerac testified Tuesday in court that Miss Malone was trying to alienate the girls, Mimi, 3, and Diane, 18 months, from him. Bergerac and Miss Malone, both 35, are awaiting trial of divorce suits against each other.

## More Asked for Aid Than Expected

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—It has happened so many times it's like a ritual in a bargain basement. The President asks more money for foreign aid than anybody, probably including himself, thinks he'll get.

The immediate reaction in Congress is a kind of horror at the thought of shoveling out all that money to foreigners again.

Since the war the United States has provided more than \$100 billion in economic and military aid to 111 countries.

After this annual shock Congress finally votes more foreign aid than it seemed willing to do but always less than the President asked.

Tuesday the House began its yearly debate: how much money this time? There will be many weeks of shuffling before the final decision.

That's why President Kennedy's opening statement at his news conference was a rather muffled cry of anguish. He urged Congress to be careful with the scissors.

He will have more to say later if Congress gets frisky.

This year Kennedy frustrated some of the eager tailors in the Capitol by snipping off some of the money he asked for before Congress had a chance.

Last Jan. 17 he asked \$4.9 billion in aid. But before Congress stopped chattering about the enormity of it and got down to business, something extraordinary happened.

A special 10-man committee—headed by Gen. Lucius D. Clay—which Kennedy had appointed to investigate operations of the foreign aid program came out for foreign aid all right—but not with the price tag Kennedy had put on it.

The committee said—or seemed to say, for there was a lot of confusion about this when the committee reported last March 24—that about \$500 million should be trimmed off the \$4.9 billion Kennedy had asked.

On April 2, Kennedy sent a special message to Congress on foreign aid, chopping almost \$500 million off his original request, which is what the Clay committee had seemed to suggest.

On Aug. 6 the House Foreign Affairs Committee went Kennedy one better. It suggested Congress should authorize no more than \$4.1 billion for foreign aid, or \$800 million less than Kennedy had originally said was needed.

That figure was the starting point when the House began considering the matter this week. But the inclination of some House members will be to show even greater economy than its committee.

The greatest foreign aid tailor in the House is Rep. Otto E. Passman, a Democrat and a millionaire from Louisiana.

In 1961 he had himself wheeled into the House on big debate day—he had broken his shoulder the day before—and told colleagues: "Even though I'm in pain, I question whether I am as in as much pain as the 187 million Americans who have to foot the bill for this." He has long considered foreign aid "fouled up and uncontrollable."

In 1962 Kennedy asked \$4.9 billion. Congress appropriated about \$1 billion less even though, in the midst of the slashing, Kennedy protested against cutting "the heart out of the program."

In 1961 Kennedy sought \$4.8 billion. Congress voted about \$800 million less even though, in the midst of the slicing and slitting, Kennedy cried out against a decapitated program that would be "too little and too late."

## Sam's Son Another New TV Show

By CYNTHIA LOWRY  
AP Television-Radio Writer

HOLLYWOOD (AP)—"Temple Houston," which might be subtitled "Sam's Son, the Lawyer," may or may not prove to be art when it reaches the NBC channels in mid-September. It definitely will be a demonstration of how fast a studio with a firm order for a series can crank out programs.

Until the end of July, NBC was expected to fill its early Thursday evening hour with a series about a government investigator, starring Robert Taylor. Suddenly the network canceled the show and ordered up a batch of programs from Jack Webb, new head of television production at Warner Brothers Studios.

"Fortunately, we had three finished scripts," Webb said. "We'd done considerable research on the period in Texas—end of the 19th century—and the kind of cases a lawyer would be getting involved in."

"But we never thought of getting out the show this early. We'd made a pilot film in color on our own. We figured it for an inventory show and that the earliest we'd get the series on the air would be after some network fall-outs in January."

"Fortunately Jeffrey Hunter,

## Real Cool Florida Orange Sherbet

On a dazzling midsummer day, what looks cooler or tastes more refreshing than orange sherbet—especially when it's home-made and rich in pure, natural orange flavor. And this delicious sherbet, with its old-fashioned richness, is simple to make.

The convenient six-ounce can of frozen Florida orange juice concentrate, undiluted, gives tart-sweet flavor and fresh color to the sherbet, while whipped cream makes it wonderfully smooth and creamy. When it's firm, scoop it into your nicest sherbet glasses and garnish with fresh mint and chilled or canned Florida orange sections for a pretty, extra cool touch.

## Florida Orange Sherbet

¾ cup milk  
2 eggs, slightly beaten  
½ cup sugar, divided  
1 cup heavy cream, whipped

1 can (6 ounces) frozen Florida orange juice concentrate, thawed, undiluted  
¾ teaspoon salt

Combine milk, eggs and ¼ cup of sugar in top of double boiler over hot water. Cook, stirring constantly, until mixture coats spoon. Cool. Mix in remaining ¼ cup sugar, orange juice concentrate and salt. Pour into refrigerator tray and freeze until ice crystals form around edges. Remove from freezer and fold in whipped cream. Return to freezer until firm, at least 3 hours or overnight. YIELD: 1 quart.

## How To Relax Under A Hair Dryer

No single factor plays a greater role in beauty than healthy disciplined hair. Today's busy girl has discovered a portable electric hair dryer, made of durable plastic, changes home hair care from a tedious chore into a pleasant do-it-yourself beauty routine. Its bouffant vinyl bonnet slips easily over the largest rollers and hair dries thoroughly in minutes regardless of texture.

Teenager or grownup, the modern girl pampers her hair with shampoo formulated specially for her type of hair—be it normal, dry or oily—and fortified with a bacteriostat which reduces skin irritations and infections. Instructions are followed to the letter, because shampoos do not become "special" without extensive research.

To repair a hairdo, she winds damp hair on rollers or in pin-curls, and ducks under the dryer a few minutes. A few flips of the comb and brush and she's all tressed up to go places. A career girl can follow the same routine in the morning, breakfasting while her hair dries. It beats sleeping on rollers.

Whisper quiet, a plastic hair dryer does not interfere with TV viewing, reading or phone calls. It travels lightly everywhere in its luggage-style hatox made of plastic tailored for tough usage.

## Children's Colony Gets U.S. Grant

WASHINGTON (AP)—The Housing and Home Finance Agency has approved an Accelerated Public Works grant of \$648,000 for the Arkansas Children's Colony at Conway.

The grant is part of the \$9,720,000 total cost of constructing a 100-bed nursing home and a rehabilitation facility.

career, Webb looked contentedly around his handsome, well-appointed office and at the stacks of scripts relating to new projects. He shook his head. "Not me," he said with a happy grin. "This is where I want to be. Behind the desk and behind the camera. I've always liked this side."

Asked about his own performing

## Good Times Now But Can It Last?

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—Times are good now but how much longer can that last?

President Kennedy posed the question at his news conference Tuesday. Business economists and stock market chart followers have been asking the same thing.

They are mindful that the current upturn in the economy is some 30 months old. By past records that brings it close to the classification of senior citizen.

The President's precise evaluation of the economy today is: "Good, slightly better than was estimated in January. What we must be concerned about always, of course, is the future."

Most of the statistics on which business and financial economists

base their stock-taking show the economy healthy. In fact, it is healthier than many had expected only a few months back when the long upturn showed signs of slowing down.

Most of the indicators to which economists look in predicting the future still point to a further upturn in the next few months.

The soothsayers differ, however, on their outlook for 1964. The President says that cutting federal income taxes for individuals and corporations could make the next year even better than 1963.

Many business economists agree—if for different reasons.

They hold that the cuts themselves might lose much of their immediate effect through higher state and local taxes and through payment of outstanding debts.

But they do expect federal tax cuts to lift consumer and business confidence, making for more readiness to spend and, more important perhaps, willingness to go into debt for new plants and equipment or more consumer

items for the home or personal pleasure.

Except for concern over the age of the upturn from the 1960-61 recession, the economy today gives a good basis for confidence. Industrial production is at a new high. It is expected to go higher when the auto industry gets into high gear with new model production.

Employment holds at or near record levels, despite the still unsolved problem of stubborn unemployment.

Personal incomes rose to a fifth straight monthly record in July with an annual rate of \$464.3 billion.

Factory sales of durable goods hit a \$17.6 billion record in July, 8 per cent above a year ago.

The Old State House, as it is called today, served as our statehouse for three quarters of a century and stands today as a monument to the honesty, good judgment, and good taste of the men who had charge of its erection in territorial days.

great for getting things done

a personal extension phone

This busy homemaker finds her days are easier and she gets more done because a phone is where she is. Her own personal extension phone in the kitchen often helps her do two things at once, like watching dinner and phoning a special list. For a helper in your kitchen, order a colorful personal extension phone from the telephone business office.

**THE STORY:** Berman learns that the "Don Pedro" he met at the Ybarra ranch is the famous Pat Garrett, the officer who shot Billy the Kid.

XVI

It seems not unlikely a man might be remembered by posterity and possibly make a rather sizable fortune if he could find some patentable way, through will, of putting himself to sleep when he wished to, some means of drawing an impenetrable curtain between himself and nagging thoughts. Heavens knows, the people that would clamor for such a thing!

I didn't have it, you may be sure of that. Nor did I toss and twist, except in my mind, but sleep wasn't in a rush to provide the release I craved from the notions which beset me. Like gibbering phantoms they ringed my couch, jostling, bickering like ill-mannered children.

Suppose Shirl were right! There was no one stirring when I awoke in mid-morning—not even the county seat barflies I'd hired who ought, at least, to have been waiting around for their promised stipend.

Shirl, apparently, had eaten and gone. Gone where I wondered with

renewed disquiet as, showing dirty dishes out of my way, I attempted to stir up some kind of breakfast.

He'd used the last of the cut wood, of course. There wasn't any kindling and the stove was cold as it could get in this temperature which must, I scowled, be well above a hundred.

With the sweat rolling out of me I got into my clothes and fed myself from an opened can of unappetizing peaches and three stale biscuits a dog wouldn't have touched, washed down with water from the near-empty bucket. As I was finishing, still tormented by undisciplined thoughts, the sound of a walking horse pulled me doorward.

Dorris.

I called a rather crusty good morning.

Pulling up alongside the sagging porch he relieved his jaws of juiced tobacco, peered a spell and finally snorted. "I paid off them two hands, an' we've pushed that folly of your'n—all but them geldin's—on out to Three Mile; it's the best, graze we got. But if they ain't good rustlers yer goin' to hev to buy feed."

"What about the geldings?"

Dorris looked his disgust, spat again, said contemptuously:

"What good are eyes if you don't use 'em?" Following his, I discovered the five in a horse trap back of the day pen. I said after a moment, "What work have you laid out?"

He didn't answer straight off. Leaning on his arms, still half sneering, he said like nothing I could think up would be worth his time: "You got somthin' in mind?"

As a matter of fact, I'd several things but, looking them over in the light of his insolence, the strongest urge I had was toward violence.

While I was trying to frame something that would carry my anger off, the sneer on his face becoming more pronounced, a steeple hatted rider loped up from the river, his mount sloshing water—one of the Villalobos vaqueros.

Ignoring Shirl, the man informed me Don Alfredo would be greatly favored if I could find the opportunity of coming over there this morning.

I rasped a hand across my chin, trying to think how I might get out of it. In the cling of this heat it brought the sweat out just to breathe.

While I had no wish to affront the old man Don Alfredo Ybarra, going over to Villalobos again so soon on the heels of yesterday's visit looked considerable of a nuisance with so many urgent needs clamoring for my attention.

There was Shirl Dorris's cattle to be gotten rid of, these hovels to be torn down, those scrawny mus-

### Ricemen to Meet

By THE ASSOCIATED PRESS  
STUTTGART, Ark. (AP)—The 43rd annual meeting of the Arkansas Rice Growers Co-operative Association and the 5th annual session of the Arkansas Grain Corp., will be held Aug. 29 at Stuttgart. Co-op stockholders will elect two directors-at-large for three-year terms.

long broomtails . . . for what money we could get out of them and to conserve what was left of this pitiful range. And there were plans for rebuilding.

While I was searching for some means of putting the vaquero off, with the feel of Shirl's stare boring truculently into me, the man said, apologetically, "I theenk, senor, it cee about the cows . . ."

I peered at him, startled, tension like cold rocks in my stomach, all the fears inside me trying to keep his glance off Shirl.

I said, waving him away, "Tell Alfredo I'll be right over."

Until the vaquero was gone, I didn't dare look at Dorris. I could feel his suspicions digging into me like claws.

He looked just as apprehensive as I imagined he would.

"See?" he cried, livid. "What'd I tell yer? They're out to nail—"

"You said they hadn't any proof."

"The guy's another Tom Horn! He'll do anything for money!"

**WHEN THE LOCAL P.T.A. sets out to earn money for some worthy project, there's usually a food sale. A handsome and delicious cake such as this one will bring a fancy price . . . and plenty of praise, too. Make up your favorite two-layer chocolate cake recipe (or use a packaged mix). Fill and frost the layers with this luscious frosting. It is one of the best you've ever tasted.**

**COCONUT PENCUCHE FROSTING**  
1/2 cup butter  
1/2 cup milk  
2 cups firmly packed light brown sugar  
2 teaspoons vanilla  
1-1/2 cups packaged grated coconut  
3-1/2 cups sifted confectioners' sugar (about)

Melt butter in saucepan. Add milk and brown sugar. Cook and stir over low heat 3 minutes. Cool to lukewarm. Stir in vanilla and 1/2 cup of the coconut. Add confectioners' sugar, beating well until of proper consistency to spread. Makes about 2-1/2 cups frosting, enough to frost an 8- or 9-inch layer cake. Garnish top of frosted cake with remaining coconut or, if desired, spread remaining coconut on a baking sheet. Place in broiler about 1 minute, until very lightly toasted.

### Takes Time to Decide on New TV Show

By CYNTHIA LOWRY  
AP Television-Radio Writer

HOLLYWOOD (AP)—Television series, no matter what viewers sometimes suspect, are not always found under cabbage leaves like Topsy nor even between the covers of a book.

E. Jack Neuman is a writer-turned-producer whose MGM job is developing formats for new programs. Two years ago it was "Dr. Kildare," and last year "Sam Benedict." Neuman reports that the genesis of his creation this season, "Mr. Novak," was in the following conversation, months ago, with Boris Sagal, a director.

Sagal: "Hey, how about doing a series about a high school teacher?"

Neuman: "Well, it doesn't sound so good to me. What do we do when we're finished with smoking in the school basement, the star half back who is a lousy English student and the kids who run off and get married?"

A short time later, however, Neuman dropped into a high school during school hours.

"It was an entirely different picture than I'd thought," he said. "Then I started talking to administrators and getting an idea of their problems and what school life is like."

Finally he had an idea for a central character—"a practical idealist, a man who wants nothing more than a chance to take a crack at ignorance eight or 10 hours a day, a great hero for the public."

"Young people today are begging for discipline and understand-

### House Fire Is Under Probe

RUSSELLVILLE, Ark. (AP)—State Police and Pope County officers are investigating a fire that heavily damaged the home of Mr. and Mrs. Lester Collins of Russellville Monday night.

Sheriff Otto Brinkman said a flammable liquid had been poured in the Collins house and inside their car. He said there were two different fires in the house and that the Collins' car, which was in the carport, also was heavily damaged.

Brinkman said he had put out a pickup order for one person wanted in connection with the fire.

The Collinses were at work at the time of the fire. An Arkansas Tech College student discovered the fire when an explosion blew out a picture window in the Collins home.

At any rate, James Francisus, an idealistic-looking young man, will play the hero-type teacher. Dean Jagger will co-star as the wise, older school principal. And except for guest stars, the rest of the cast will be bona fide high school students, recruited in groups from nearby communities and paid the regulation \$25 a day as extras. MGM has reserved space where the students can continue their studies, with their teachers, when they are not needed on the sets.

ABC has a new head of its news operations, Elmer Lower, veteran newsman who left ABC to take over the job vacated by James C. Hagerly, recently moved into another broadcasting area.

### Pack A Picnic For Pleasure

Any fine weekend—especially Labor Day, that final summer splurge—is all the excuse you need for a picnic. Picnics are fun when the food is good; make them better by preparing ahead! Ham and beef muffins, tanged with beer or ale, are a neat meat trick as you can bake, chill and wrap them in clear plastic until you're ready to repack them in the tins for easy transport to the picnic site. A flavorful macaroni salad is always good, and zesty beer or ale mixed with the dressing adds a gourmet touch.

**Picnic Meat Muffins**  
2 eggs  
1/4 cup beer or ale  
2 1/2 cups soft bread crumbs  
1/2 cup pickle relish  
1/2 teaspoon salt  
1/2 teaspoon pepper  
1 1/2 teaspoons dry mustard  
3/4 cup finely chopped onion  
1 pound ground chuck  
1 pound ground uncooked (cook-before-eating) ham

Beat eggs slightly in mixing bowl. Stir in beer. Add bread crumbs, pickle relish, seasonings and onion. Stir in meat and mix thoroughly. Pack into 3-inch muffin pan cups and bake in moderate oven (350°F.) 45 minutes. Serve hot or chill loaves in muffin pans, then wrap individually for picnics.

**YIELD:** 18 3-inch meat muffins.  
Note: Meat muffins may be baked in aluminum foil cups which are right to the picnic. Fit squares of double-thickness aluminum foil into muffin cups. Cut squares large enough to cover meat. Fold foil back so it is flat on muffin pan during baking. Chill loaves, then cover with foil.

**Macaroni Salad**  
1 package (16 oz.) elbow macaroni  
1 cup mayonnaise or salad dressing  
1/4 cup beer or ale  
1/2 teaspoon Tabasco  
1 teaspoon salt  
2 tablespoons minced onion  
1/4 cup diced celery  
1/2 cup sliced radishes  
1/2 cup diced green pepper

Cook macaroni according to directions on package; drain and cool. Combine mayonnaise, beer, Tabasco, salt and minced onion. Add to macaroni. Stir in celery, radishes and green pepper. Chill well. YIELD: 6 servings.

Rolls

Divide your shank half ham into portions that can be cooked in different ways! The shank end of the ham bone may be used to simmer with beans or use in a casserole dish. Then, the remaining meaty portion can be baked whole. The boneless part can be cut into several thick or thin ham slices to fry or broil. This leaves a chunky bone-in piece for baking. Just think how many meals you'll get from this one ham purchase.
